On the late morning and early afternoon of April 3, 1974, Dr. Murray Miron, a professor at Syracuse University, visited FBI Headquarters. Dr. Miron is considered to be an expert on computer analysis. Dr. Miron gave the results of his analysis of the four tapes received up to that time from the kidnapers of Patricia Hearst.

The briefing was attended by William L. Reed of the Director's office, Gallagher and M. A. Morrow of the General Investigative Division, [REDACTED] and [REDACTED] of the Laboratory, [REDACTED] of the Computer Systems Division, and [REDACTED] of the Training Division.

The results of Dr. Miron's briefing concerning the Hearnap case is being made the subject of a separate memorandum.

Subsequent to the meeting, Dr. Miron stated that he feels he is in a new field. He wanted to make it clear that experience wins out over the computer every time, that his function will never replace the investigator, but that he is hopeful it could lend assistance to the investigator and give direction. He furnished a copy of his background, which is attached. [REDACTED]

Dr. Miron said he was hopeful of establishing a relationship with the FBI on a (1) case base need, (2) a sustaining capacity, or (3) on a project-type basis. He explained the project cases as a situation where we know the facts and desire to take action to test the computer's applicability. He mentioned the fields of threats, particularly doing a project on bomb threats. He also mentioned doing an analysis of intelligence messages, that the computer could span message groups by factor analysis and abstract patterns of action. He mentioned that he is in the near future to appear before the President's Committee to Combat Terrorism.

Memorandum to Mr. Gebhardt
Re: HEARNAP

For the benefit of individuals receiving copies of this memorandum who were not at the briefing session, Dr. Miron described Patricia Hearst as a dependent person, immature, docile, and suggestable. He said she was a captive in every sense of the word and was using SLA members as psychotherapists. Her intellect was average and undistinguished and under her status change said she identified herself with her aggressors. In short, he said she was the perfect subject to be kidnaped because she would lean upon and adopt the attitude of her kidnapers. He predicted that when she was released by her abductors she would adopt their very hostile attitude toward the FBI and would refuse to be interviewed or have anything to do with the FBI. All of this was before the last tape in which Patricia Hearst stated she was joining the SLA.

ACTION:

It is requested that all of the persons who attended Dr. Miron's briefing of his analysis of the four tapes in the Hearst kidnaping case furnish a critique to the General Investigative Division. It would be appreciated if this could be handled by close of business April 12, 1974.

By memo R. J. Gallagher to Mr. Gebhardt dated 4/4/74, the General Investigative Division reported results of Dr. Miron's recent briefing on his psycholinguistic analysis of the tape recordings in captioned matter. Referenced memo requests critiques from various Division representatives attending the briefing. [REDACTED] represented the Computer Systems Division.

Dr. Miron uses the computer for comparison techniques keyed on word use and distribution in a subject word data base. By use of the computer to sort and list words of the data base into categories previously determined by Dr. Miron, he is able to analyze the word usage in-depth. He then makes his professional decision regarding the speaker based on these listings and his experience in psycholinguistics. The Computer Systems Division is knowledgeable of similar projects being conducted in the Government intelligence community, and the computer has proven to be a valuable tool in handling the huge word processing requirements associated with this field.

RECOMMENDATION:

That the above information be furnished to the General Investigative Division pursuant to their request.

Re Gallagher to Gebhardt memo dated 4/4/74,
captioned as above.

Per request of rememo the following is the analysis
of Special Agent [REDACTED] Behavioral Science Unit
of the Training Division, concerning the briefing by Dr. Murray
Miron conducted in Inspector Gallagher's office on 4/3/74.

It would be impossible to make a definitive
evaluation of the accuracy of Dr. Miron's thesis concerning
the character types involved in the Hearnap Case including
the victim. Dr. Miron based his discussion on the thesis
that Patricia Hearst is a dependent personality and her cap-
tors are suffering from various degrees of Neurosis. He
bases his conclusions on the character analysis on his own
experience in dealing with similar deviant personality types.
He draws these conclusions from his analysis of their verbal
communications, a field which has merit but lacks statistical
precision.

If his conclusions concerning the personality types
involved in Hearnap are valid, then his subsequent predictions
are based on sound psychological principles. If the Symbionese
Liberation Army (SLA) is composed of neurotic individuals rather

than the typical criminal psychopath, then his recommendations are psychologically well founded. Law enforcement is more accustomed to dealing with the impulsive, self-centered psychopath who makes selfish demands. If this group is neurotically altruistic in its orientation, then further immature political rhetoric from the SLA can be expected.

There is attached for approval and for forwarding to the Mechanical Section for printing a proposed circular letter for use by the field as a supplement to the Wanted Flyers which are being issued in an effort to generate possible leads.

The San Francisco Office has requested preparation of a circular letter containing photographs of all five of the individuals identified as participants in the April 15, 1974, bank robbery, including that of Patricia Hearst, for widespread distribution to such places as sporting goods stores (guns and ammunition), real estate firms, new and used automobile and truck dealers, car rental and leasing companies, and the like on the possibility that any of the individuals may appear at such places in the immediate future. Along with the photographs will appear a statement concerning the abduction of Patricia Hearst, the bank robbery, the warrants issued on the participants, including the material witness warrant on Patricia Hearst, and a request that anyone having information concerning these individuals contact their local FBI office.

The San Francisco Office has been advised by the Detroit Office that the R. L. Polk Company, Detroit, is able to circularize the above business establishments for the entire State of California at a cost of \$939.29. This mailing by the Polk Company can be made within 48 hours after they receive the circulars.

San Francisco has subsequently advised that additional circulars will be needed as more avenues of circularization become apparent. Already plans are in effect to include all California gas stations and dermatologists as we have just learned that Nancy Ling Perry has a skin condition and consults physicians regularly regarding it.

5- ENCLOSURE
ACTION: (1) Upon approval, this should be forwarded to the Mechanical Section for initial preparation of 100,000 copies of the proposed circular letter, all of which should be folded, franked, and sealed.

On 8/11/60, Buffalo, N.Y. PD arrested DONALD DE FRIEZE, aka John David De Frieze, Donald John Defrieze, negro, male, dob 11/16/43, 5'8", 140 lbs., black hair, maroon eyes. He was arrested for breaking into a parking meter at night and was sentenced on 9/15/60, to three years at the Correctional Center, Elmira, N.Y. Subject claimed he was born in Lexington, Miss., and that his parents were both dead, however, prison officials later learned his parents were Mr. and Mrs. LOUIS DE FRIEZE, 648 East 96th St., Cleveland, Ohio, and were in fact alive.

DE FRIEZE's residence at time of arrest was with "listed nearest relative", [REDACTED], Buffalo, N.Y. A physical exam in prison revealed subject had a gunshot wound in the right buttock which was not disabling, however, the bullet had never been removed.

The subject was assigned NYS DCI #819523X, Inmate #21418 and served his time at Elmira and Coxsackie, N.Y. The record indicated subject had juvenile court record No. 75166 in Cleveland. His SSAN was listed as 092-34-4002. He corresponded with an uncle, [REDACTED]

On 6/25/62, subject was paroled and was supposed to live with the uncle, but later moved and worked with [REDACTED] Newark N.J. He later married GLORIA THOMAS, dob 2/25/41, who already had three children. A later address as of 12/19/62, was 558 Central Ave., Apt. 402, Newark, N.J.

Prior to his arrest, he had evidently lived with [REDACTED] another address for [REDACTED] besides the [REDACTED] was [REDACTED] Buffalo, N.Y.

Remarks: For your information, item Q55 is one of several papers taken in a search of the personal car of PATRICIA CAMPBELL HEARST.

For your further information, some resemblances were observed in comparing the written notation "Tania 1974" on the Q173 photograph with available writing of PATRICIA CAMPBELL HEARST which indicates that she cannot be eliminated as a possible suspect in the preparation of this notation. However, this questioned written notation is too limited for handwriting identification.

The submitted writing of PATRICIA CAMPBELL HEARST does not contain any of her hand printing. San Francisco may wish to obtain known hand printing of PATRICIA CAMPBELL HEARST for future comparison purposes.

A definite conclusion was not reached whether the Cooper signature on Q983 was prepared by the writers of remaining unidentified questioned writing, known writing or purported known writing on items submitted in this case or case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the presence of unexplained variations and the lack of sufficiently comparable writing.

Examination requested: Document

Remarks: As previously advised, some similarities were observed in comparing the available writing of HALL with the "Janet Cooper" signatures on previously submitted ear rental forms in this case. Also, HALL cannot be eliminated as having been involved in the preparation of the questioned handwritten notation on the Q172 envelope, previously submitted. The available writing of HALL does not contain sufficient hand printing for adequate comparison with hand printing on items previously submitted

Specimens received 4-22-74, from SAC, Los Angeles:

K34 Three-page letter dated 5-25-71, four-page letter dated 7-24-71, one page letter dated 10-16-71, one page letter dated 3-14-72, one page letter dated 4/73, one page letter dated 5-17-79, one page letter dated 11-14-72, and one page letter dated 2/21 and envelope, all bearing purported writing of CAMILLA HALL

Also Submitted: One page letter dated 10-9-71, bearing stamp of Hotel Henri IV

Specimen received 4-22-74, from SAC, Minneapolis:

Result of examination:

A definite conclusion was not reached whether the unidentified questioned writing on items submitted in this case, in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM",

was prepared by CAMILLA HALL, writer of K33, K34 and Kc35 and K23, K26 and K27, due to the presence of unexplained variations and the lack of sufficiently comparable known writing.

K33, K34, Kc35 and the Also Submitted item, which have been photographed, are being returned with copies of this report to the submitting offices.

Escape made in afore described stationwagon with the red Hornet parked across the street occupied by four young white males, no further description, serving as a back-up unit. Occupants of this vehicle observed to be in possession of a rifle as they trailed the getaway car. Both vehicles recovered approximately ten blocks from the bank.

EXAMINATIONS DESIRED

(1) All items where surface is such that it could retain a latent fingerprint should be processed for such

prints and comparison be made against the fingerprints of DONALD DAVID DE FREEZE, FBI Number 606 723 D, and if feasible, latents should be compared with latents on items of personal property where previously submitted for HALL, SOLTYSIK, HEARST, and PERRY. Photographs of latents developed should be retained for comparison at some subsequent date against suspects that might be developed in the back-up car, the red Hornet, and against the time when an arrest is made and fingerprints are available for four females mentioned above.

(2) The FBI Laboratory is requested to examine items (1) and (2), verify that they are live, and check the casings for any ejectors and barrel markings.

(3) Laboratory review contents of vacuum cleaner bags looking toward developing types of soil which may give leads as to location from which occupants of car recently came. Item (23) is a section of the floor board mat submitted for elimination or control purposes as to items that might be found in the vacuum cleaner bags.

(4) Examine Kleenex, containers, etcetera, for any foreign items such as fibers, hairs, which might have evidentiary value for comparison with items that might be recovered at a subsequent date.

(5) Examine scarf for laundry, dry cleaning marks, foreign substances, and descriptive or identifying data as to manufacturer or seller of Item (35).

(6) Examine tar appearing substance in Item (16) for any particular unusual characteristics that might be utilized in leads to determine particular locations where UNSUBS might have been frequenting and might assist in locating current residences for them.

(7) Attempt to characterize the source of the hair sample in Item (20) (dog, man, girl, etcetera).

The enclosed items should be treated as evidence and it is requested that after the examination is completed, the enclosed items along with the results of the examination be furnished to San Francisco.

San Francisco has advised that information has been received from [REDACTED]

[REDACTED] that the Symbionese Liberation Army (SLA) is planning a series of simultaneous robberies to occur in Fresno, California; Ogden, Utah, and an unknown city in the State of Washington.

The informant had no information as to the date the robberies are to occur or the type of institution to be victimized. However, Patricia Hearst is to be a participant at the Fresno, California, robbery.

San Francisco is closely following this matter in an effort to make a full evaluation as to the credibility of the information and in any event, a substantial amount of money has been offered to this source on a COD basis in an effort to obtain specific details relating to dates, time and location of the alleged robberies. The source is reportedly obtaining his information from an individual characterized as an "affiliate" of the SLA.

Our field offices in Salt Lake City, Sacramento and Seattle have been furnished this information as well as the background and modus operandi of the April 15, 1974, San Francisco bank robbery. These offices have been instructed to alert appropriate police authorities and also to make contact with New Left informants as well as Venceremos Organization informants for any indication of SLA presence in those divisions. Additionally, our Phoenix, Las Vegas, San Diego, Los Angeles and Portland Offices have been furnished this information as the subjects could travel through or into these divisions.

SHANA ALEXANDER
PROPOSED BOOK ON KIDNAPING OF
PATRICIA CAMPBELL HEARST

FHIAQ

John Clements, Hearst Washington representative, called [redacted] this morning to advise that a Hearst representative in New York has heard rumors to the effect that Shana Alexander of the "Washington Post", who has been commissioned by the Viking Press to do a book on the Hearst case, has a contact in the Symbionese Liberation Army in the person of Nancy Ling Perry. The Hearst people feel the possibility exists that Alexander could possibly be in contact with Perry at the present time, however, have no information to substantiate this. It is noted that Maxine Cheshire column in the "Washington Post" edition of April 21st (copy attached) reported that Alexander had a contract to write such a book.

Bufiles contain no record of Shana Alexander.

4/21/74 - Book on Hearst Case *Maxine Cheshire*
Newsweek columnist Shana Alexander has been paid a \$200,000 advance by Viking Press to do a "definitive" book on the Patricia Hearst case.

Miss Alexander is in San Francisco, her agent, Irving Lazar, said last week, and has been "in touch with" the Symbionese Liberation Army.

DATE: 4/30/74

FROM : R.R. FRANCK *RRF/aka*

SUBJECT: HEARNAP

DC NM
John Clements, Washington representative of the Hearst Corporation, is a close personal friend of Inspector Quinn and has been in contact with my office on a daily basis in an effort to be of assistance to us in any way possible with respect to the Hearst Corporation in connection with captioned case.

2
Clements is aware through his contacts in the media of all public statements made by the Hearsts regarding this case and was deeply concerned when an item appeared recently in the gossip column of one Herb Caen, "San Francisco Chronicle," to the effect that Billy Hearst, nephew of Randolph Hearst, had indicated to Herb Caen that he had no confidence that the FBI could solve this case nor did any member of the Hearst family. According to Clements, Billy Hearst is now in New York and not accessible to the news media.

[REDACTED]

As you are aware, the deadline for the \$4 million dollar food plan which the Hearst Corporation is prepared to execute if Patricia Hearst is returned safely to her family by midnight May 3rd, is virtually upon us.

According to Charlie Bates, Randolph Hearst has spoken about the possibility of offering a million dollar reward for information leading to the safe return of Patricia Hearst following this deadline. Bates' concern is that Hearst may decide to go ahead with plans to offer this reward precipitously without affording the San Francisco Office proper time to install additional phones to handle calls that can be expected in connection with such a reward, it being noted that a feature article appearing in the Sunday "San Francisco Examiner" soliciting citizen assistance with respect to the 9 principal suspects in this case, resulted in the San Francisco Office receiving 75 telephone calls by persons offering information. It can be safely anticipated that an offer of a substantial reward would generate many times that many telephone calls.

Franck to Jenkins Memo (continued)
Re: HEARNAP

Current Development:

John Miller, Executive Vice President, Hearst Corporation, who until Saturday was in Europe has now returned to his office in New York City and John Clements has been keeping him posted concerning developments with respect to Hearst's presently vague plans concerning a reward to be offered by the Hearst Corporation. Miller has now called Clements seeking the Bureau's advice as to whether a reward should be offered, what figure we would suggest and, in this regard, would like to speak to the Director on the telephone. Miller can be reached in New York City at Area Code 212, 262-7782.

This matter has been discussed with Assistant Director Gebhardt and SAC Bates. They feel, as do we in the External Affairs Division, that a substantial reward would hopefully generate some activity which might effect the safe return of Patricia Hearst. Mr. Gebhardt feels that the reward should be somewhere in the area of \$100,000 while Bates feels that rather than the million dollar figure discussed by Randolph Hearst, that a minimum \$250,000 be offered on May 4th with the possibility of an additional \$250,000 to be added at a later date if the first reward offer does not prove productive.

While the Bureau cannot become involved in making recommendations concerning whether or not a reward should be offered or its amount, the critical consideration for the FBI is that if a reward is offered the FBI should be contacted not the "San Francisco Examiner" otherwise, we will have reporters interfering with our coverage of leads.

Further, in order to properly prepare to receive calls from citizens and to plan to cover the leads as a result of these calls, the San Francisco Office, as well as the Sacramento and Los Angeles Offices are going to have to have sufficient advance notice as to if and when the reward is to be offered and the Director could so apprise Mr. Miller.

Lastly, if a reward notice is to be prepared it would be most helpful if Mr. Gebhardt's Office and Charlie Bates could be consulted in connection with its preparation to insure that it is written in such a way to properly prompt the response we wish to receive from the public. The Director may also wish to consider discussing this with Mr. Miller.

Re: HEARNAP

RECOMMENDATION:

In view of the extremely important nature of this matter and the impending deadline with which we are confronted (May 3rd), the Director may wish to telephonically contact John Miller, Executive Vice President, Hearst Corporation, in New York at Area Code 212, 262-7782.

ADDENDUM: GTQ:jo 4/30/74

Clements called back at 3:40 p.m. to advise that there are new developments regarding the reward situation in this case and Miller considers it imperative that he talk to Mr. Kelley within the hour today, if at all possible.

Memorandum for Messrs. Callahan, Jenkins, Miller,
Gebhardt, and Mintz

April 30, 1974

Information that funds may be available in large amounts for information leading to the whereabouts of Patricia Hearst and if they have such information, we can enter into negotiations concerning the payment of such money. Insofar as the Bureau itself is concerned, we can guarantee a payment up to \$50,000 and if it appears more is needed, indicate that more can be obtained but you would like to check on this before such an offer is made. This need not be mutually exclusive, however, it would be better, of course, in the interest of the Bureau to have the burden of the payment on the Hearst interests if at all possible. The informant need not know as to the identity of the source of money and under no conditions should this be revealed. They may, of course, have a natural inclination toward this belief, but we should not join in the determination or otherwise reveal any information about this possibility.

No activity should be embarked upon at this point and we on the other hand will let you know [REDACTED]

Re robbery Hibernia Bank, Sunset Branch, 4/15/74,
San Francisco bank robbery.

Accompanying this letter via air express is one wooden box containing 15 boxes of 30 caliber ammunition and two green paper sacks 6" x 8 1/2" x 16". For the information of the FBI Laboratory, this ammunition was allegedly purchased on April 4, 1974 by JOYCE HALVERSON, an associate of CAMILLA HALL, who has been identified as one of the principals in aforementioned bank robbery. The ammunition was returned to the store by an unidentified white male.

Among the weapons used in the bank robbery were those of 30 caliber.

The Latent Fingerprint Section of the Identification Division is requested to process the two sacks, the 15 ammunition boxes and the individual cartridges for possible latents. Any latents developed should be compared against fingerprints or latents on previous submissions HEARNAP, the Symbionese Liberation Army Matter, and the August 7, 1973 Guerrilla Movement.

[REDACTED]

The FBI Laboratory is requested to examine the cartridges forwarded for any ejection or mechanism marks that may be present and if such are found, they should be compared against previous submissions in the HEARNAP Matter, the Symbionese Liberation Matter, and the August 7, 1973 Guerrilla Movement. Particularly, comparisons should be made with those cartridges and spent cartridges that were hand carried to the Bureau by a San Francisco Agent on 4/15/74. The Bureau should also advise San Francisco the type and the manufacturer of the ammunition if known.

At the conclusion of the investigation if no latents or tool marks are discovered, the Bureau may dispose of the material.

SYMBIONESE LIBERATION ARMY (SLA)

- A. Delivery of Flowers and Envelope to "Phoenix"
Newspaper, 79 Beaver Street, San Francisco,
California, on April 2, 1974

FEDERAL BUREAU OF INVESTIGATION

Date of transcription April 2, 1974

[redacted] telephone [redacted] was interviewed at her place of business, [redacted] Polk Street, [redacted] California, and she furnished the following information:

On April 1, 1974, a white female came into her flower shop at approximately 1:00 PM and asked her if she had any red roses. The white female then selected a dozen red roses and then asked if [redacted] would deliver them. [redacted] then asked her where she wanted the flowers delivered, and the white female advised that she wanted them delivered to an address on Beaver Street. [redacted] then asked the white female where Beaver Street was. The white female then asked her if she had a map, and [redacted] answered in the affirmative.

[redacted] then obtained a San Francisco street map out of her car and then placed the map on the table. The white female then located Beaver Street and placed her finger on the map to indicate where Beaver Street was located. [redacted] then advised her that this was a good area and that she would deliver the flowers for her. The girl then asked her what time the flowers would be delivered, and [redacted] advised that she would deliver them after 5:00 and the white female then stated, "Fine, as soon as possible".

The white female then paid \$2.99 for the dozen roses and \$1.50 to have them delivered. The white female then gave [redacted] \$5.00, and she in turn gave her the change. The white female then asked [redacted] if she would deliver a white envelope with the flowers. The white envelope was approximately nine inches long and three and one half inches wide and contained the Beaver Street address on the outside of the envelope. [redacted] advised the girl that she would deliver the envelope with the flowers. The white female then left the store and proceeded south down Polk Street. [redacted] did not see exactly where the girl went and did not know whether she was with anyone else or whether she got into an automobile. [redacted] advised that she could not recall ever seeing the white female before.

[redacted] advised that she closed the flower shop at approximately 5:00 on April 1, 1974, and took the flowers and the envelope with her in order to deliver them. The envelope was wrapped in the wrapping containing the flowers. [redacted] did not deliver the flowers on April 1, 1974, as she told the white female she would because her car broke down on Van Ness, and she had to call a member of her family to come and get her. She, therefore, took the package containing the flowers and the envelope home with her and brought them back to work the next morning.

On the morning of April 2, 1974, [redacted] called Del Company, 1112 Harrison Street, San Francisco, California, and made arrangements for them to deliver the flowers to the Beaver Street address. [redacted] picked up the flowers at 11:57 AM.

[redacted] furnished the following description of the white female who purchased the roses and provided her with the white envelope:

Race	White
Sex	Female
Age	20 - 25
Height	5' 8" - 5' 9"
Build	Medium
Hair	Dark
Eyes	Dark
Dress	Two piece, dark in color, with a checkered pattern

[redacted] was then shown photographs of the following female Sympthionese Liberation Army (SLA) suspects:

[REDACTED] was unable to identify any of the photographs shown but stated that the photograph of NANCY LING PERRY bore some resemblance to the girl purchasing the roses. When questioned further as to what there was about the photograph of NANCY LING PERRY that made her feel that she resembled the girl purchasing the flowers, [REDACTED] stated that the girl had the same sad look.

[REDACTED] stated that she did not feel that she would be able to identify the girl who purchased the roses if she ever saw her again because she really did not pay too much attention to what she looked like.

[REDACTED] stated that she would be willing to provide the Federal Bureau of Investigation (FBI) with the map which was used in order to locate Beaver Street but that it was home in her car parked in front of her residence.

Pursuant to information received through the public news media that a tape had been received from the Symbionese Liberation Army (SLA) by the "San Francisco Phoenix", a Bay Area newspaper, Special Agents [REDACTED] proceeded to 79 Beaver Street, which is listed as the address for the "Phoenix".

Upon arrival, it was noted that numerous representatives of the news media were present and were constantly entering and leaving the wide open front door at 79 Beaver Street. SAs [REDACTED] walked up the steps of the front door at which time a woman, who later identified herself as Mrs. JOAN BRYAN, closed the door in the Agents' faces and locked same from inside as Agents were displaying their credentials.

This woman disappeared within this house after saying something unintelligible through the window of the closed door. After approximately two minutes she returned, opened the door approximately two inches and after allowing representatives of the news media to congregate in the immediate area, she read off the Agents' names aloud from the displayed credentials. After this, she asked if the Agents would mind waiting a few minutes until her husband finished talking to the news media inside, which was agreed to. The woman then closed and locked the door again and then disappeared again within. The Agents waited approximately 14 minutes on the front porch, while the present representatives of the news media photographed both Agents extensively. Then the editor, JOHN BRYAN, came out the door accompanied by the woman who then identified herself as JOAN BRYAN, the wife of JOHN BRYAN. Mr. BRYAN refused to allow entry of the Agents into the address of 79 Beaver Street, insisting that the entire interview be conducted on the front porch steps in the presence of the assembled news media representatives.

Mr. BRYAN was apprised that the purpose of the Agents' presence was to obtain the most recent SLA communication and determine the circumstances of its delivery.

Mr. BRYAN refused to discuss anything pertaining to this, stated that any questions should be directed to his attorney, one VINCENT GALLINAN.

On April 5, 1974, at 2:30 p.m., a search warrant issued by the United States District Court for the Northern District of California, Case Number 527MU, was served on Attorney VINCENT HALLINAN at his office at 345 Franklin Street, San Francisco, California.

Greetings to our comrades of the news service. In behalf of the people we thank you for your show of love for the people and the peoples forces by refusing to cooperate with the FBI. Radio Station KSAW has been sent a recent photograph of Patricia Hearst which you will, undoubatly, wish to print.

DEATH TO THE FASCIST INSECT
THAT FEEDS UPON THE LIFE OF THE PEOPLE

DARE TO STRUGGLE DARE TO WIN DARE TO LOVE

SLA

I would like to begin this statement by informing the public that I wrote what I am about to say. It's what I feel. I have never been forced to say anything on any tape. Nor I been brainwashed, drugged, tortured, hypnotized or in any way confused. As George Jackson wrote, "It's me, the way I want it, the way I see it."

Mom, Dad, I would like to comment on your efforts to supposedly secure my safety. The give-away was a sham. You attempted to deceive the people, the SLA and me with statements about your concern for myself and the people. You were playing games -- stalling for the time which the FBI was using in their attempts to assassinate me and the SLA elements who guarded me. You continued to report that you did everything in your power to pave the way for negotiations for my release -- I hate to believe that you couldn't have been so unimpeachable as to not even have considered getting Little and Remiro released on bail. While I was repeatedly stated that my conditions would at all times correspond with those of the captured soldiers, when your own lawyer went to inspect the 'hole' at San Quentin, he reported the deplorable conditions there -- another move which potentially jeopardized my safety. My mother's acceptance of the appointment to a second term as a U.C. regent, as you well knew, would have caused my immediate execution had the SLA been less than 'together' about their political goals. Your actions have taught me a great lesson, and in a strange kind of way, I'm grateful to you.

Steven, I know that you are beginning to realize that there is no such thing as neutral in time of war. There can be no compromise as your experiences with the FBI must have taught you. You have been harassed by the FBI because of your supposed connections with so-called radicals, and some people have even gone so far as to suggest that I arranged my own arrest. We both know what really came down that Monday night -- but you don't know what's happened since then. I have changed -- grown. I've become conscious and can never go back to the life we led before. What I'm saying may seem cold to you and to my old friends, but love doesn't mean the same thing to me anymore. My love has expanded as a result of my experience to embrace all people. It's grown into an unselfish love for my comrades here, in prison and on the streets. A love that comes from the knowledge that "no one is free until we are all free." While I wish that you could be a comrade, I don't expect it -- all I expect is that you try to understand the changes I've gone through.

I have been given the choice of 1) being released in a safe area, or 2) joining the forces of the Symbionese Liberation Army and fighting for my freedom and the freedoms of all oppressed people. I have chosen to stay and fight. One thing which I learned is that the corporate ruling class will do anything in their power in order to maintain their position of control over the masses, even if this means the sacrifice of one of their own. It should be obvious that people who don't even care about their own children couldn't possibly care about anyone else's children. The things which are precious to these people are their money and power -- and they will never willingly surrender either. People should not have to humiliate themselves by standing in lines in order to be fed, nor should they have to live in fear for their lives and the lives of their children as Tyrone Guyton's mother will sadly attest to.

Dad, you said that you were concerned with my life, and you also said that you were concerned with the life and interests of all oppressed people in this country, but you are a liar in both areas and as a member of the ruling class, I know for sure that yours and Mom's interests are never the interests of the people. Dad, you said you would see about getting more job opportunities for the people, but haven't you warned the people what is going to happen to them -- that actually the few jobs they still have will be taken away.

You, a corporate liar, of course will say that you don't know what I am talking about, but I ask you then to prove it, tell the poor and oppressed people of this nation what the corporate state is about to do, warn black and poor people that they are about to be run down to the last man, woman and child. If you're so interested in the people why don't you tell them what the energy crisis really is. Tell them how it's nothing more than a manufactured strategy, a way of hiding industry's real intentions. Tell the people that the energy crisis is nothing more than a means to get public approval for a massive program to build nuclear power plants all over this nation. Tell the people that the entire corporate state is, with the aid of this massive power supply, about to totally automate the entire industrial state, to the point that in the next five years all that will be needed will be a small class of button pushers; tell the people, Dad, that all of the lower class and at least half of the middle class will be unemployed in the next three years, and that the removal of expendable excess, the removal of unneeded people has already started. I want you to tell the people the truth. Tell them how the law and order programs are a means to remove so-called violent (meaning aware) individuals from the community in order to facilitate the controlled removal of unneeded labor forces from this country, in the same way that Hitler controlled the removal of the Jews from Germany.

I should have known that if you and the rest of the corporate state were willing to do to millions of people to maintain power and to serve your needs you would also kill me necessary to serve those same needs. How long will it take before white people in this understand that what ever happens to a black child happens sooner or later to a white child. How long will it be before we all understand that we must fight for our freedom.

I have been given the name Tania after a comrade who fought along side Che in Bolivia the people of Bolivia. I embrace the name with the determination to continue fighting with her spirit. There is no victory in half-assed attempts at revolution. I know Tania dedicated her life to the people. Fighting with total dedication and an intense desire to learn which I will continue in the oppressed American people's revolution. All colors string in the web of humanity yearn for freedom.

Oseola and Bo, even though we have never met I feel like I know you. Timin' brought to you and I'm fighting with your freedom and the freedom of all prisoners in mind. In the strenuous jogs that life takes, you are pillars of strength to me. If I'm feeling down, I think of you, of where you are and why you are there, and my determination grows stronger. It's good to see that your spirits are so high in spite of the terrible conditions. Even though you aren't here, you are with other strong comrades, and the three of us are learning together — I, in an environment of love and you in one of hate, in the belly of the Fascist beast. We have grown closer to the people and become stronger through our experiences. I have learned how vicious the pig really is, and our comrades are not me to attack with even greater viciousness, in the knowledge that the people will win. I send greetings to Death Row Jeff, Al Taylor and Raymond Scott. Your concern for my safety is matched by my concern for yours. We share a common goal as revolutionaries knowing Comrade George lives.

It is in the spirit of Tania that I say, "PATRIA O MUERTE. VENCEREMOS."

Greetings to the people. My name is Teko. I am a white revolutionary and a soldier in the Symbionese Liberation Army. I have a message for all my white brothers who have not yet come forward to fight for the freedom of all the people. Contrary to what many of us think, the special privileges we as a group have gained for ourselves through the oppression of all other people has never secured for us the freedom we desire. White men must understand that they will live under the threat of death as long as they continue to oppress members of any class or group who have the strength and determination to fight back. White men themselves have only one avenue to freedom and that is to join in fighting to death those who are and those who aspire to be the slave masters of the world. Many of us have been "bold" enough to intellectualize about revolution but far too chickenshit to get down and help make it. Most of us have been nearly fatally stricken with the vile sickness of racism. Again, most of us have been immobilized by our sexist egos and have watched and done nothing as our sisters have rushed by us into battle. We have fooled ourselves into believing that madison avenue piggery will bring us eternal bourgeois happiness. If we haven't bought into the racist, sexist, capitalist, imperialist program, we have "greened-out" in Mendocino and New Hampshire. To Black people, who lead our struggle for freedom, we have proved to be the racist punks of the world when we kick-back and live the blood and lives of the people.

However many of us have seen through this sham, and are fighting beside comrades from all races and classes, women and men, old and young. We know we have a long way to go to purify our minds of the many bourgeois poisons but we also know that this isn't done through shitting and ego tripping -- it is done by fighting as the Comrade has taught us -- by "stalking the pig, seizing him by the tusks and riding his pig ass into his grave."

It is done by unleashing the most devastating revolutionary violence ever imagined, by proving that all races and groups of people can unite and fight together for the true freedom of us all.

When we call on the people to join us in the fight for freedom many of you wonder how you can join the SLA, feeling that joining materially with those who are already fighting will provide the security you need to justify risking your lives. But we soldiers in the SLA say to this mistaken reasoning that you must read again our declaration of Revolutionary War and Terms of Military Political Alliance. The SLA came into being because many people refused to wait for so-called revolutionary groups and organizations to lead them into revolution which would, therefore, never come. We grew tired of waiting for mythological North American revolutionaries with the necessary expertise and skills we lacked to teach us. We have learned much from many brave revolutionary women and men, but in reality we are fighting today because we ourselves have seized the moment, taught ourselves, developed incredible strength, determination and committed ourselves to never compromise with the enemy. As anyone with the most primitive of revolutionary mentalities knows, the people will not be given their freedom, they will have to seize it. Wait for no one my brothers.

DEATH TO THE FASCIST INSECT
THAT PREYS UPON THE LIFE OF
THE PEOPLE

Up until now, the fascist media has printed our documents in full because of their interests in Patricia. From now on, however, since this pressure point no longer exists, the fascist corporate military state, via the media, will lie about and distort any information concerning the SLA. They will do this (1) in retaliation for being put in a position that required them to print everything (2) to try to isolate us from the people and (3) discourage the people from joining the forces. Therefore, the people must watch and listen with keen perception. We will speak to you thru action. Analyze these actions carefully, making sure to recognize when the ENEMY is in the disguise of revolutionaries. They will do anything to stop the rising of the people including killing their own kind and blaming the people's forces under the pretence of a race war. Remember that the SLA was born from the spirit of the people. The SLA is the PEOPLES ARMY and we fight in their interests. The SLA will never compromise. The SLA will not allow the enemy five to deceive us into accepting genocide. LISTEN and WATCH and let that spirit become your name.

Love to our sisters & brothers in prisons; courage & faith to our two captured soldiers; greetings to all oppressed peoples; may we connect. My name is Fahizah. The S.L.A. is taking these opportunities to speak with the people now, because we have been having a temporary period of inactivity while waiting for the completion of our unit's last action. We know that the people want far more than 6 million dollars of food; & we continue to fight for the total liberation of all oppressed peoples by the only means available, that is force of arms. The Court of the People has issued The Codes of War of the Symbionese Liberation Army. I wish to state that Cinque Mtume is the General Field Mar of the Symbionese Guerilla Forces, as well as chairman of the United Symbionese War Cou

Cinque Mtume is a black brother who spent many years of his life in Fascist American concentration camps; manchild years in prison cells & man years in prison cells. Cinque literally thousands of black, brown, red, yellow & white freedom fighters while he was down, courageous comrade George Jackson was one among them. The spirit of all the brothers Cinque knows lives in him now, and the spirit of all the sisters that Cinque never had opportunity to meet, but knows by common bond ---like Assata Shakur, Lolita Lebron & Belinda Dohrn--- is always in his heart.

When Cinque escaped alone on foot from Soledad prison he did so for one reason **TO FIGHT WITH THE PEOPLE & TO LEAD THE PEOPLE IN REVOLUTION.** He did not escape so that he could kick-back & hide & get high; he did not even escape so that he could satisfy a deep longing personal ache to simply see the people, and be on the streets and re-unite with family and be a father once again to his children. Cinque escaped so that he could act stalk the fascist insect that preys upon the life of the people. The lives both he & the peoples fighting forces lead now may be harsh and dangerous, but it is better to work with hard reality, than to play in pleasant, but unproductive, enslaving dreams.

Cinque Mtume is the name that was bestowed upon him by his imprisoned sisters & It is the name of an ancient African Chief who led the fight of his people for freedom, means Fifth Prophet, and Cin was many years ago given this name because of his keen insight and senses, his spiritual consciousness and his deep love for all the people and children of this earth. This does not, however, mean that Cinque is from God or someone that is holy that he has an extreme ego problem, but simply that he is to us and to all oppressed peoples the instilled hope and spirit of his people & all peoples, and that he is of and from the people. A prophet is a leader and fighter who is one of the people. Leaders are individuals who themselves feel that it is time to lead and bring us one step closer to freedom for all. A leader is one who is able to sense and to see what is coming at us. A leader is one able to help the people understand the swiftness and fierceness with which they must move if they would survive.

Part of the revolutionary process in which we are engaged involves the constant defining of thought, word, and action. We must deal with all the conditions outside of which oppress and enslave us, and we must deal with the enemy within; we must deal with these diseases simultaneously, and with an unrelenting commitment and understanding of the reality we are not living to die, but rather all who chose to fight to the death are to live. Cin's example to the people has taught us thru his actions and by his own words, he or she who is scared and seeks to run from death will find it, but she or he who is **NOT AFRAID** and who actively seeks death out will find it **NOT AT THEIR DOOR.**

We embrace the concepts of art and spiritual consciousness in material reality based upon the common conditions of all oppressed peoples. We have begun to redefine the natural creative reflection of our desperate struggle to survive. Art for us is the process of sharing and communally using what we learn in order to live and to fight. We recognize Cin as an artist for what he teaches the people, but we also realize as he himself has said, that truth has no author. Another thing which we feel is necessary to clarify the word spirit & all that which is called spiritual. The spirit is the bodies and soul of all the people, and the spiritual is the intensity of our common instincts, as reflected

to fight for the freedom of all oppressed peoples, to save the earth and the children from the putrid disease of bourgeois mentality and the putrid disease of the corporate fascist military state. In a profound and spiritual sense, as our sisters and brothers in the struggle have said, resistance to this disease is the single greatest human endeavor today.

Comrades in struggle, there is a high price that we have paid and will pay for our mistakes, and there is an even higher price which we have been paying for the loss of our leaders. We are speaking to the people now, because we all know that we cannot afford to lose another leader; and we want the people to know that in spite of the enemy's tactics and prestige of terror we DO have a leader that loves the people, and lives and fights for the people. This example helps to make a love among comrades that gives attention, appreciation and protection — from each brother and sister to the other.

The oppressed peoples of this nation have and will continue to bring forth their leaders, prophets & fighters until they are free. The people brought forth Malcolm X & came to unite the people and warn the enemy of what would inevitably happen if the people were not freed. The enemy answered by murdering Malcolm. The people then did again bring forth another prophet, that prophet was Martin Luther King who with non-violence & humanity went to the enemy to free the people. And just when King was ready to declare that nonviolent protest would accomplish nothing but the further enslavement and degradation of the people the enemy murdered King. George Jackson was a prophet & leader from the streets & when the enemy imprisoned him, George received his education in the raw; he learned first hand that there can be NO compromise with merciless pigs. George Jackson came from the prisons of Amerikkka & love inspired he boldly fought the oppressor. When the fascist insect locked him down and murdered him, the people knew that they had suffered a great loss, but they united in immediate retaliation. Now, once again, the people have brought forth another prophet and leader. This leader comes not to beg and plead with the enemy, he comes not to warn of violence, but is himself the bringer of the children of the wind and the SOUND (C). He has ONE WORD to the children of the oppressed and the children of the oppressor: COMRADES. We have joined together with love and unity and the understanding that those who would be free, must themselves STRIKE THE FIRST BLOW.

to thank WAFAC and all the coalition members for their affection feeding and educating the people; we send you our faith and unity to always serve the people.

I wish to say to those who speak about what they want, to you I say that your words are will bring you nothing but a wet face and an empty heart, the enemy is unhearing and is unmerciful to the oppressed. If you would have freedom for your children and the people then you as all oppressed people will have to fight and struggle for it. Freedom is not tax deductible, nor is it willed to you, no piece of paper can sign it over to you or your children; it is something that in an oppressive world can only be gained and protected by force of your arms and your spirit to defend that freedom at any cost.

To the people and combat forces of the people, business of the revolution: The following are enemies of the people, they are agents of the enemy and have been found guilty of treason and informing to the enemy against the people and death warrants have been issued by the court against them and they should be shot on sight by any of the peoples forces:

Robin Stainer: female, white, age 20, hazel eyes, brown hair, 5-4, wears contact lenses 115 pounds, past resident of Berkeley, now living in Florida, an informer to the FBI.

Chris Thompson: male, black, brown eyes, black hair, 6-3, Berkeley resident is a government agent, paid informant for the FBI.

Colston Westbrook: male, black, age 35, brown eyes, brown hair, 5-8, 210 pounds, tall, Berkeley language instructor, resident of Oakland is a government agent, worked for CIA Vietnam as interrogator and torturer in Phoenix operation and also served same purposes in other foreign countries, now working for military intelligence while giving cross assistance to the FBI. These subjects are to be shot on sight wherever found and at any time.

Concerning the Hearst operations: the government dictatorship as well as the Hearst Empire has shown that they are quite willing to murder even their own to maintain power over the people, therefore it is the judgement of this court that in the future NO prisoners of ruling class or its executive agents will be taken prisoner. The Court of the People today issues the following order: All corporate enemies of the people will be SHOT on sight at any time and at any place. This order is permanent, until such time as all enemy forces have either surrendered or been destroyed.

Concerning the protective custody prisoner: the subject has been freed, as our promise stated, but she refused to go home. There is no further need to discuss the release of the prisoner, since she is now a comrade and has been accepted into the ranks of the people's army as a comrade and fighter. And there is no further basis for negotiations since the subject may leave whenever she feels that she wishes to do so, this obligation and she is armed and perfectly willing and able to defend herself. This operation is hereby terminated and suspension of offensive operations is hereby rescinded and all combat forces of the people and all peoples forces are requested and so ordered to resume normal offensive combat operations against all enemies of the people. The Court of the People wishes to note that the people DO NOT wish to be fed by the rich, the people want back their land.

To our two soldiers who are in the hands of the enemy and to all our comrades behind the lines: As you know we have learned a hard lesson for our mistakes, and will learn from this for the future and the war that we the people will win. I am sure that you understand that under our codes of war there can be no surrender to the enemy, at any time or at any price. Both have shown correct actions in recognizing that even though you are innocent of any crime it is not possible for you to receive a fair trial in the enemy's arena. I deeply regret that you were not offensively prepared to attack rather than be seized by the enemy. I send you my love, and the love of all of your comrades, and courage in your determination to carry on the struggle even from that side of the wall, as we will NEVER relent from this end. In this way we do expect to meet again.

I would like to take the opportunity to speak to my sons, my very black babies, Victor, Damon, Sherry, Sherlyne, Sam, and DeDe, I want you to know that to just say your names fills my heart with joy. I want you to know that I love you all with all the love that a father can have for those dear to him; and I want you to understand also that I have forgotten my promise to you, that whenever you needed me, I would be there at your side. I am now even when you may not see me, I am there; because no matter where I am, I am fighting for your freedom, your future and your life. Daddy wants you to understand that I can't come home because you and the people are not free and as long as the enemy exists I can have no rest nor any hope for you or our people as a whole. I can't be happy when the enemy murders the children of other fathers and mothers. I want you to understand that I have fought for you and for all fathers and mothers who must stay home, or who have not the courage to fight for the clear understanding yet, that the greatest gift they give their children is FREEDOM. So, to you my children, even when I may never see you again, know that I love you and will not for any price forsake your freedom and the freedom of all oppressed peoples. To you I give all that a father could wish, I give you life without fear and exploitation. I give you love with a future and understanding that the price of freedom is daring to win. In ending this letter to you, I ask only one thing of you all, that is that you will always honor the people and love the children and defend them both at any price against the enemy.

In closing I will play the national anthem of the Symbionese Liberation Army:

FREE THE PEOPLE

•

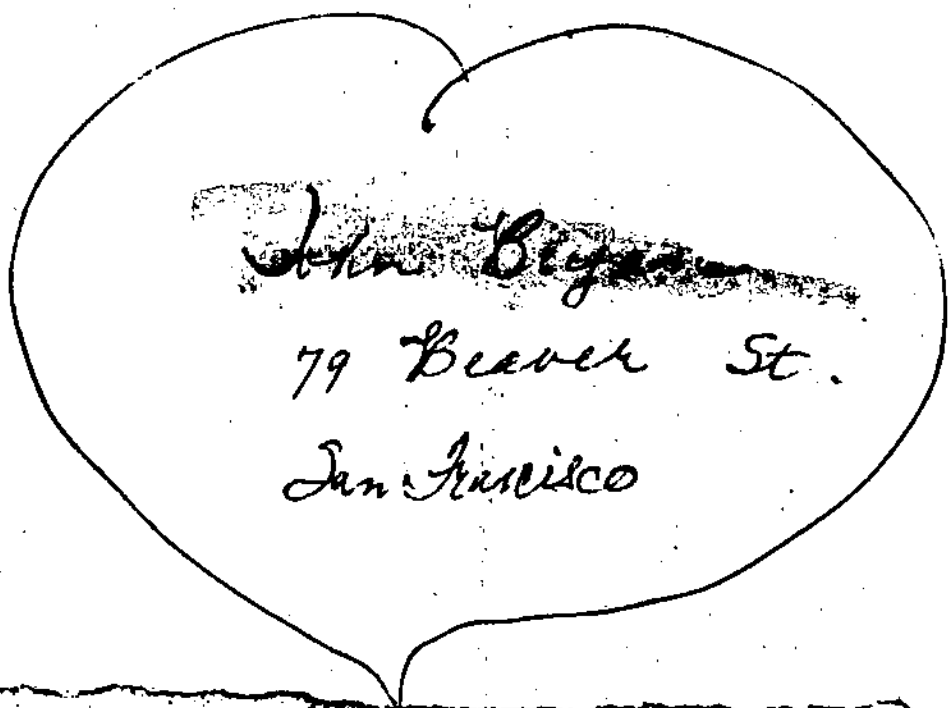

FREE THE LAND

•

AND SAVE THE CHILDREN.

2. THE KILLING OF A COMRADE OR DISOBEYING ORDERS THAT RESULT IN THE DEATH OF A COMRADE
3. THE DESERTING OF A COMRADE ON THE FIELD OF WAR:

5. LEAVING A CELL UNIT OR BASE CAMP WITHOUT ORDERS

Any comrade may leave the guerrilla forces if she or he feels that they no longer feel the courage or faith in the people and the struggle that we wage. A comrade, however, must follow the CODES OF WAR in doing this: that is he or she must inform the commanding guerrilla of their wish to go from the guerrilla force. Thereupon, the guerrilla in command will release them in a safe area. The ex-combatant may only leave with his or her personal sidearms. REMEMBER, this is the ONLY way a comrade may leave the S.L.A., any other way deserting, punishable by death.

6. ALL PAID OR UNPAID INFORMANTS OPERATING WITHIN THE COMMUNITY AGAINST THE PEOPLE AND THE GUERRILLA FORCES ARE SENTENCED WITHOUT TRIAL TO IMMEDIATE DEATH.

PENALTY BY DISCIPLINARY ACTION

DISCIPLINARY ACTION SHOULD BE PRIMARILY TO AID THE COLLECTIVE GROWTH OF THE CELL, AND THROUGH POSITIVE ACTION THE MISTAKE IS UNDERSTOOD. ALL CHARGES THAT FACE DISCIPLINARY ACTION SHALL BE UNDER THE FULL CONTROL OF THE GUERRILLA IN COMMAND, AND SHE OR HE SHALL WEIGH EVIDENCE AND SHALL DECIDE THE VERDICT, AND IF NEEDED, DIRECT THE DISCIPLINARY ACTION TO BE TAKEN BY THE CHARGED COMRADE NECESSARY TO CORRECT HIM OR HER. However, permission is granted to the use of only two types of relaxing drugs: these are marijuana &/or beer or wines and other alcohols. This permission is only granted when approved by the guerrilla in command, and with very restraining use only. No officer may grant the use of any of these said drugs to the full number of forces under his or her command. If this permission is granted, only half the force will be allowed to take part while the other half will stand post and guard duty. The past has shown once revolutionaries have seriously undertaken revolutionary armed struggle, marijuana and alcohol are not used for recreational purposes or to dilute or blur their consciousness of reality, but rather in very small amounts for medicinal purposes only to calm nerves under times of tension, not to distort reality.

To KSM

We of the SLA request that you make this tape available to KFEA Berkeley radio station, and then to any other forms of the news media who graciously ask you for a transcript or copy. These pages are a transcribed copy of the tape we are sending you, also enclosed in this package is the other half of Patricia Hearst's driver's license, and a more recent photograph of her, which we request that you make available to all forms of the news media with a copy. DARE TO STRUGGLE DARE TO WIN

I would like to begin this statement by informing the public that I wrote what I am about to say. It's what I feel. I have never been forced to say anything on any tape. Nor I been brainwashed, drugged, tortured, hypnotized or in any way confused. As George Jackson wrote, "It's me, the way I want it, the way I see it."

Mom, Dad, I would like to comment on your efforts to supposedly secure my safety. The give-away was a sham. You attempted to deceive the people, the SLA and me with statements about your concern for myself and the people. You were playing games -- stalling for a time which the FBI was using in their attempts to assassinate me and the SLA elements who guarded me. You continued to report that you did everything in your power to pave the way for negotiations for my release -- I hate to believe that you could have been so unobjective as to not even have considered getting Little and Remiro released on bail. While I was repeatedly stated that my conditions would at all times correspond with those of the captured soldiers, when your own lawyer went to inspect the 'hole' at San Quentin, he reported the deplorable conditions there -- another move which potentially jeopardized my safety by neither's acceptance of the appointment to a second term as a U.C. regent, as you well knew, would have caused my immediate execution had the SLA been less than 'together' at their political goals. Your actions have taught me a great lesson, and in a strange way, I'm grateful to you.

Steven, I know that you are beginning to realize that there is no such thing as neutral in time of war. There can be no compromise as your experiences with the FBI must have taught you. You have been harrassed by the FBI because of your supposed connections with some radicals, and some people have even gone so far as to suggest that I arranged my own or we both 'know' what really came down that Monday night -- but you don't know what's happened since then. I have changed -- grown. I've become conscious and can never go back to the life we led before. What I'm saying may seem cold to you and to my old friends, but it doesn't mean the same thing to me anymore. My love has expanded as a result of my need to embrace all people. It's grown into an unselfish love for my comrades here, in prison and on the streets. A love that comes from the knowledge that "no one is free until we are all free." While I wish that you could be a comrade, I don't expect it -- all I expect is that you try to understand the changes I've gone through.

I have been given the choice of 1) being released in a safe area, or 2) joining the ranks of the Symbionese Liberation Army and fighting for my freedom and the freedom of all oppressed people. I have chosen to stay and fight. One thing which I learned is that the corporate ruling class will do anything in their power in order to maintain their control over the masses, even if this means the sacrifice of one of their own. It should be obvious that people who don't even care about their own children couldn't possibly care about anyone else's children. The things which are precious to these people are their money and power -- and they will never willingly surrender either. People should not have to humiliate themselves by standing in lines in order to be fed, nor should they have to live in fear for their lives and the lives of their children as Tyrone Guyton's mother will sadly attest to.

Dad, you said that you were concerned with my life, and you also said that you were concerned with the life and interests of all oppressed people in this country, but you are a liar in both areas and as a member of the ruling class, I know for sure that yours and Mom's interests are never the interests of the people. Dad, you said you would see about getting more job opportunities for the people, but why haven't you warned the people what is going to happen to them -- that actually the few jobs they still have will be taken away.

You, a corporate liar, of course will say that you don't know what I am talking about, but I ask you then to prove it, tell the poor and oppressed people of this nation what the corporate state is about to do, warn black and poor people that they are about to be run down to the last man, woman and child. If you're so interested in the people why don't you tell them what the energy crisis really is. Tell them how it's nothing more than a manufactured strategy, a way of hiding industry's real intentions. Tell the people that the energy crisis is nothing more than a means to get public approval for a massive program to build nuclear power plants all over this nation. Tell the people that the entire corporate state is, with the aid of this massive power supply, about to totally automate the entire industrial state, to the point that in the next five years all that will be needed will be a small class of button pushers; tell the people, Dad, that all of the lower class and at least half of the middle class will be unemployed in the next three years, and with the removal of expendable excess, the removal of unneeded people has already started. I want you to tell the people the truth. Tell them how the law and order programs are a means to remove so-called violent (meaning aware) individuals from the community in order to facilitate the controlled removal of unneeded labor forces from this country, in the same way that Hitler controlled the removal of the Jews from Germany.

I should have known that if you and the rest of the corporate state were willing to do to millions of people to maintain power and to serve your needs you would also kill to be necessary to serve those same needs. How long will it take before white people in this country understand that what ever happens to a black child happens sooner or later to a white child? How long will it be before we all understand that we must fight for our freedom.

I have been given the name Tania after a comrade who fought along side Che in Bolivia for the people of Bolivia. I embrace the name with the determination to continue fighting with her spirit. There is no victory in half-assed attempts at revolution. I know Tania dedicated her life to the people. Fighting with total dedication and an intense desire to learn which I will continue in the oppressed American people's revolution. All colors and strings in the web of humanity yearn for freedom.

Osceola and I, even though we have never met I feel like I know you. Timin' brought you to me and I'm fighting with your freedom and the freedom of all prisoners in mind. In the strenuous jogs that life takes, you are pillars of strength to me. If I'm feeling down, I think of you, of where you are and why you are there, and my determination grows stronger. It's good to see that your spirits are so high in spite of the terrible conditions. Even though you aren't here, you are with other strong comrades, and the three of us are learning together -- I, in an environment of love and you in one of hate, in the belly of the Fascist beast. We have grown closer to the people and become stronger through our experiences. I have learned how vicious the pig really is, and our comrades are teaching me to attack with even greater viciousness, in the knowledge that the people will win. I send greetings to Death Row Jeff, Al Taylor and Raymond Scott. Your concern for my self is matched by my concern for yours. We share a common goal as revolutionaries knowing Comrade George lives.

It is in the spirit of Tania that I say, "PATRIA O MUERTE. VENCEREMOS."

Greetings to the people. My name is Teko. I am a white revolutionary and a soldier in the Symbionese Liberation Army. I have a message for all my white brothers who have not yet come forward to fight for the freedom of all the people. Contrary to what many of us think, the special privileges we as a group have gained for ourselves through the oppression of all other people has never secured for us the freedom we desire. White men must understand that they will live under the threat of death as long as they continue to oppress members of any class or group who have the strength and determination to fight back. White men themselves have only one avenue to freedom and that is to join in fighting to death those who are and those who aspire to be the slave masters of the world. Many of us have been "bold" enough to intellectualize about revolution but far too chickenshit to get down and help make it. Most of us have been nearly fatally stricken with the vile sickness of racism. Again, most of us have been immobilized by our sexist egos and have watched and done nothing as our sisters have rushed by us into battle. We have fooled ourselves into believing that Madison Avenue piggery will bring us eternal bourgeois happiness. If we haven't bought into the racist, sexist, capitalist, imperialist program, we have "greened-out" in Mendocino and New Hampshire. To Black people, who lead our struggle for freedom, we have proved to be the racist punks of the world when we kick-back and live off the blood and lives of the people.

However many of us have seen through this sham, and are fighting beside comrades from all races and classes, women and men, old and young. We know we have a long way to go to purify our minds of the many bourgeois poisons but we also know that this isn't done through shitting and ego tripping -- it is done by fighting as the Comrade has taught us -- by "stalking the pig, seizing him by the tusks and riding his pig ass into his grave."

It is done by unleashing the most devastating revolutionary violence ever imagined, by proving that all races and groups of people can unite and fight together for the true freedom of us all.

When we call on the people to join us in the fight for freedom many of you wonder how you can join the SLA, feeling that joining materially with those who are already fighting can provide the security you need to justify risking your lives. But we soldiers in the SLA say to this mistaken reasoning that you must read again our declaration of Revolutionary War and Terms of Military Political Alliance. The SLA came into being because many of us refused to wait for so-called revolutionary groups and organizations to lead them into a revolution which would, therefore, never come. We grew tired of waiting for mythological North American revolutionaries with the necessary expertise and skills we lacked to teach us. We have learned much from many brave revolutionary women and men, but in reality we are fighting today because we ourselves have seized the moment, taught ourselves, developed incredible strength, determination and committed ourselves to never compromise with the enemy. As anyone with the most primitive of revolutionary mentalities knows, the people will not be given their freedom, they will have to seize it. Wait for no one my brothers.

DEATH TO THE FASCIST INSECT
THAT PREYS UPON THE LIFE OF
THE PEOPLE

Up until now, the fascist media has printed our documents in full because of their interests in Patricia. From now on, however, since this pressure point no longer exists, the fascist corporate military state, via the media, will lie about and distort any information concerning the SLA. They will do this (1) in retaliation for being put in a position that required them to print everything (2) to try to isolate us from the people and (3) discourage the people from joining the forces. Therefore, the people must watch and listen with keen perception. We will speak to you thru action. Analyze these actions carefully, making sure to recognize when the ENEMY is in the disguise of revolutionaries. They will do anything to stop the rising of the people including killing their own kind and blaming peoples forces under the pretence of a race war. Remember that the SLA was born from the spirit of the people. The SLA is the PEOPLE'S ARMY and we fight in their interests. The SLA will never compromise. The SLA will not allow the enemy to deceive us into accepting genocide. LISTEN and WATCH and let that spirit become your name.

Love to our sisters & brothers in prisons; courage & faith to our two captured soldiers; greetings to all oppressed peoples; may we connect. My name is Fahizah. The S.L.A. is taking these opportunities to speak with the people now, because we have been having a temporary period of inactivity while waiting for the completion of our unit's last action. We know that the people want far more than 6 million dollars of food; we continue to fight for the total liberation of all oppressed peoples by the only means available, that is force of arms. The Court of the People has issued The Codes of War of the Symbionese Liberation Army. I wish to state that Cinque Lume is the General Field War of the Symbionese Guerilla Forces, as well as chairman of the United Symbionese War Council.

Cinque Lume is a black brother who spent many years of his life in fascist and concentration camps; childhood years in prison cells & many years in prison cells. Cinque literally thousands of black, brown, red, yellow & white freedom fighters while he was down, courageous comrade George Jackson was one among them. The spirit of all the great Cinque knows lives in him now, and the spirit of all the sisters that Cinque never had opportunity to meet, but knows by common bond ---like Assata Shakur, Lolita Lebron & Belinda Dohrn--- is always in his heart.

When Cinque escaped alone on foot from Soledad prison he did so for one reason: TO FIGHT WITH THE PEOPLE & TO LEAD THE PEOPLE IN REVOLUTION. He did not escape so that he could kick-back & hide & get high; he did not even escape so that he could satisfy a longing personal ache to simply see the people, and be on the streets and re-unite with family and be a father once again to his children. Cinque escaped so that he could attack the fascist insect that preys upon the life of the people. The lives both he & the peoples fighting forces lead now may be harsh and dangerous, but it is better to work with hard reality, than to play in pleasant, but unproductive, enslaving dreams.

Cinque Lume is the name that was bestowed upon him by his imprisoned sisters & It is the name of an ancient African Chief who led the fight of his people for freedom. means Fifth Prophet, and Cin was many years ago given this name because of his keen insight and senses, his spiritual consciousness and his deep love for all the people and children of this earth. This does not, however, mean that Cinque is from God or someone that is holy; that he has an extreme ego problem, but simply that he is to us and to all oppressed peoples the instilled hope and spirit of his people & all peoples, and that he is of and from the people. A prophet is a leader and fighter who is one of the people. Leaders are individuals who themselves feel that it is time to lead and bring us one step closer to freedom for all. A leader is one who is able to sense and to see what is coming at us. A leader is one who is able to help the people understand the swiftness and fierceness with which they must move if they would survive.

Part of the revolutionary process in which we are engaged involves the constant defining of thought, word, and action. We must deal with all the conditions outside our which oppress and enslave us, and we must deal with the enemy within; we must deal with these diseases simultaneously, and with an unrelenting commitment and understanding of the reality we are not living to die, but rather all who chose to fight to the death are still alive. Cin's example to the people has taught us thru his actions and by his own words, he or she who is scared and seeks to run from death will find it, but she or he who is NOT AFRAID and who actively seeks death out will find it NOT AT THEIR DOOR.

We embrace the concepts of art and spiritual consciousness in material, relevant based upon the common conditions of all oppressed peoples. We have begun to redefine art as the natural creative reflection of our desperate struggle to survive. Art for us is the process of sharing and communally using what we learn in order to live and to fight. We recognize Cin as an artist for what he teaches the people, but we also realize as he himself has said, that truth has no author. Another thing which we feel is necessary to clarify is the word spirit & all that which is called spiritual. The spirit is the bodies and soul of all the people, and the spiritual is the intensity of our common instincts, as reflected

to fight for the freedom of all oppressed peoples, to save the earth and the children of the putrid disease of bourgeois mentality and the putrid disease of the corporate fascist military state. In a profound and spiritual sense, as our sisters and brothers in the have said, resistance to this disease is the single greatest human endeavor today.

Comrades in struggle, there is a high price that we have paid and will pay for mistakes, and there is an even higher price which we have been paying for the loss of our leaders. We are speaking to the people now, because we all know that we cannot afford the loss of another leader; and we want the people to know that in spite of the enemy's tech and prestige of terror we DO have a leader that loves the people, and lives and fights for the people. This example helps to make a love among comrades that gives attention, appreciation and protection --- from each brother and sister to the other.

The oppressed peoples of this nation have and will continue to bring forth their leaders, prophets & fighters until they are free. The people brought forth Malcolm X who came to unite the people and warn the enemy of what would inevitably happen if the people were not freed. The enemy answered by murdering Malcolm. The people then did again bring forth another prophet, that prophet was Martin Luther King who with non-violence & humanity went to the enemy to free the people. And just when King was ready to declare that nonviolent protest would accomplish nothing but the further enslavement and degradation of the people the enemy murdered King. George Jackson was a prophet & leader from the streets & when the enemy imprisoned him, George received his education in the raw; he learned first hand that there can be NO compromise with merciless pigs. George Jackson came from the prisons of America & love inspired he boldly fought the oppressor. When the fascist insect locked him down and murdered him, the people knew that they had suffered a great loss, but they united in immediate retaliation. Now, once again, the people have brought forth another prophet and leader. This leader comes not to beg and plead with the enemy, he comes not to warn of violence, but is himself the bringer of the children of the wind and the SON OF GOD. He has ONE WORD to the children of the oppressed and the children of the oppressor: LOVE. We have joined together with love and unity and the understanding that those who would be free, must themselves SUFFER THE FIRST BLOW.

I wish to say to those who speak about what they want, to you I say that your words will bring you nothing but a wet face and an empty heart. The enemy is unbearing and unmerciful to the oppressed. If you would have freedom for your children and the poor then you as all oppressed people will have to fight and struggle for it. Freedom is not tax deductible, nor is it willed to you, no piece of paper can sign it over to you or children it is something that in an oppressive world can only be gained and protected by force of your arms and your spirit to defend that freedom at any cost.

To the people and combat forces of the people, business of the revolution: The following are enemies of the people, they are agents of the enemy and have been found guilty of spying and informing to the enemy against the people and death warrants have been issued by the court against them and they should be shot on sight by any of the peoples forces:

Robin Stainer: female, white, age 20, hazel eyes, brown hair, 5-4, wears contact lenses, 115 pounds, past resident of Berkeley, now living in Florida, an informer to the FBI.

Chris Thompson: male, black, brown eyes, black hair, 6-3, Berkeley resident is a government agent, paid informant for the FBI.

Colonel Westbrook: male, black, age 35, brown eyes, brown hair, 5-8, 210 pounds, 6'5", Berkeley language instructor, resident of Oakland is a government agent, worked for CIA in Vietnam as interrogator and torturer in Phoenix operation and also served same purposes in other foreign countries, now working for military intelligence while giving cover story to the FBI. These subjects are to be shot on sight wherever found and at any time.

Concerning the Hearst operations: the government dictatorship as well as the Hearst Co. has shown that they are quite willing to murder even their own to maintain power over the people, therefore it is the judgement of this court that in the future NO prisoners of ruling class or its executive agents will be taken prisoner. The Court of the People today issues the following order: All corporate enemies of the people will be SHOT on sight at any time and at any place. This order is permanent, until such time as all enemy forces have either surrendered or been destroyed.

Concerning the protective custody prisoner: the subject has been freed, as our promise stated, but she refused to go home. There is no further need to discuss the release of the prisoner, since she is now a comrade and has been accepted into the ranks of the people's army as a comrade and fighter. And there is no further basis for negotiations since the subject may leave whenever she feels that she wishes to do so. This operation and the armed and perfectly willing and able to defend herself. This operation is hereby terminated and suspension of offensive operations is hereby rescinded and all combat forces of the people and all peoples forces are requested and so ordered to resume normal offensive combat operations against all enemies of the people. The Court of the People wishes to note that the people DO NOT wish to be fed by the rich, the people want back their land.

To our two soldiers who are in the hands of the enemy and to all our comrades behind the lines: As you know we have learned a hard lesson for our mistakes, and will learn from this for the future and the war that we the people will win. I am sure that you understand that under our codes of war there can be no surrender to the enemy, at any time or at any price. Both have shown correct actions in recognizing that even though you are innocent of any crime it is not possible for you to receive a fair trial in the enemys arena. I deeply regret that you were not offensively prepared to attack rather than be seized by the enemy. I send you my love, and the love of all of your comrades, and courage in your determination to carry on the struggle even from that side of the wall, as we will NEVER relent from this end. In this way we do expect to meet again.

I would like to take this opportunity to speak to my six lovely black babies, Victor, Damon, Sherry, Sherlyne, Dean, and DeDe, I want you to know that to just say your names fills my heart with joy, I want you to know that I love you all with all the love that a father can have for those so dear to him; and I want you to understand also that I have forgotten my promise to you, that whenever you needed me, I would be there at your side, I am now even when you may not see me, I am there; because no matter where I am, I am for your freedom, your future and your life. Daddy wants you to understand that I can't come home because you and the people are not free and as long as the people are not free, there can be no rest or any hope for you or our people as a whole. I can't be happy when the enemy murders the children of other fathers and mothers. I want you to understand that I have fought for you and for all fathers and mothers who must stay home, or who have not the courage to fight or the clear understanding yet, that the greatest gift they give their children is FREEDOM. So, to you my children, even when I may never see you again, know that I love you and will not for any price forsake your freedom and the freedom of all oppressed peoples. To you I give all that a father could wish, I give you life without fear and exploitation. I give you love with a future and understanding that the price of freedom is daring to win. In ending this letter to you, I ask only one thing of you all, that is - that you will always honor the people and love the children and defend them both at a price against the enemy.

In closing I will play the national anthem of the Symbionese Liberation Army:

FREE THE PEOPLE * FREE THE LAND * AND SAVE THE CHILDREN.

MISS HEARST: To those who bear the hopes and future of our people, let the voice of their guns express the words of freedom. I would like to begin this statement by informing the public that I wrote what I am about to say. It's what I feel. I've never been forced to say anything on any tape nor have I been brainwashed, drugged, tortured, hypnotized, or in any way confused. As GEORGE JACKSON wrote, it's me, the way I want it, the way I see it. Mom, Dad, I would like to comment on your efforts to supposedly secure my safety. The People In Need giveaway was a sham. You attempted to deceive the people, the SLA and me with statements about your concern for myself and the people. You were playing games, stalling for time. Time which the FBI was using in their attempts to assassinate me and the SLA elements which guarded me. You continued to report that you did everything in your power to pave the way for negotiations for my release. I hate to believe that you could have been so unimaginative as to not even have considered getting LITTLE and REMIRO released on bail. While it was repeatedly stated that my conditions at all times correspond with those of the captured soldiers. When your own lawyer went to inspect the hole at

San Quentin, he approved of the deplorable conditions there, another move which potentially jeopardized my safety. My mother's acceptance of the appointment to a second term as a UC Regent as you well knew would have caused my immediate execution had the SLA been less than together about their political goals. Your actions have taught me a great lesson and in a strange kind of way I'm grateful to you. STEVEN, I know that you are beginning to realize that there is no such thing as neutrality in time of war. There can be no compromise as your experience with the FBI must have shown you. You have been harassed by the FBI because of your supposed connections with so-called radicals and some people have even gone so far as to suggest that I arranged my own arrest. We both know what really came down that Monday night, but you don't know what's happened since then. I've changed, grown. I've become conscious and can never go back to the life we led before. What I'm saying may seem cold to you and to my old friends, but love doesn't mean the same thing to me anymore. My love has expanded as a result of my experiences to embrace all people. It's grown into an unselfish love for my

comrades here, in prison, and on the streets. A love that comes from the knowledge that no one is free until we are all free. While I wish that you could be a comrade, I don't expect it. All I expect is that you try to understand the changes I've gone through. I have been given the choice of (1) being released in a safe area or (2) joining the forces of the Symbionese Liberation Army and fighting for my freedom and the freedom of all oppressed people. I have chosen to stay and fight. One thing which I have learned is that the corporate ruling class will do anything in their power in order to maintain their position of control over the masses even if this means the sacrifice of one of their own. It should be obvious that people that don't even care about their own children couldn't possibly care about anyone else's children. The things which are precious to these people are their money and power and they will never willingly surrender either. People should not have to humiliate themselves by standing in lines in order to be fed nor should they have to live in fear for their lives and the lives of their children

as TYRONE GUYTON's mother will sadly attest to. Dad, you said that you were concerned with my life and you also said that you were concerned with the lives and interest of all oppressed people in this country, but you are a liar in both areas and as a member of the ruling class I know for sure that yours and Mom's interests are never the interests of the people. Dad, you said that you would see about getting more job opportunities for the people but why haven't you warned the people what's going to happen to them, that actually the few jobs they still have will be taken away. You, a corporate liar, of course will say that you don't know what I'm talking about, but I ask you then to prove it. Tell the poor and oppressed people of this nation what the corporate state is about to do. Warn black and poor people that they are about to be murdered down to the last man, woman and child. If you're so interested in the people why don't you tell them what the energy crisis really is. Tell them how it's nothing more than a manufactured strategy, a way of hiding the industry's real intentions. Tell the people that the energy crisis is nothing more than a means to get public approval for a massive program to build nuclear power plants all over the nation. Tell the people that the entire corporate state is

with the aid of this massive power supply, about to totally automate the entire industrial state to the point that in the next five years all that will be needed would be a small class of button pushers. Tell the people, Dad that all lower class and at least half of the middle class will be unemployed in the next three years and that the removal of the expendable excess, the removal of unneeded people has already started. I want you to tell the people the truth. Tell them how the law and order programs are just a means to remove so-called violent, meaning aware individuals, in the community in order to facilitate the controlled removal of unneeded labor forces from the country in the same way that HITLER controlled the removal of the Jews from Germany. I should have known that if you and the rest of the corporate state were willing to do this to millions of people to maintain power and to serve your needs you would also kill me if necessary to serve those same needs. How long will it take before white people in this country understand that whatever happens to a black child happens sooner or later to a white child. How long will it be before we all understand that we must fight for our freedom? I have been given the name Tania after a comrade who fought alongside Che in Bolivia for the people of Bolivia

I embrace the name with the determination to continue fighting with her spirit. There is no victory in half-assed attempts at revolution. I know Tania dedicated her life to the people, fighting with total dedication and an intense desire to learn which I will continue in the oppressed American people's revolution. All colors of string in the web of humanity yearn for freedom. Osceola and Go, even though we've never met I feel like I know you. Timing brought me to you and I am fighting with your freedom and the freedom of all prisoners in mind. In the strenuous joqs that life takes you are pillars of strength to me. If I'm feeling down I think of you of where you are and why you are there, and my determination grows stronger. It's good to see that your spirits are so high in spite of the terrible conditions. Even though you aren't here you are with other strong comrades and the three of us are learning together, I, in an environment of love and you in one of hate in the belly of the fascist beast. We have grown closer to the people and have become stronger through our experiences. I have learned how vicious the pig really is and our comrades are teaching me to attack with even greater viciousness in the knowledge that the people will win. I send greetings

to Death Row Jeff, AL TAYLOR and RAYMOND SCOTT. Your concern for my safety is matched by my concern for yours. We share a common goal as revolutionaries knowing that Comrade GEORGE lives. It is in the spirit of Tania that I say, patria o muerte Venceremos.

TEKO:

Greetings to the People. My name is Teko. I am a white revolutionary and a soldier in the Symbionese Liberation Army. I have a message for all my white brothers who have not yet come forward to fight for the freedom of all oppressed people. Contrary to what many of us may think the special privileges white men as a group have gained for themselves through the oppression of all other people has never secured for us the freedom we desire. White men must understand that they will live under the threat of death as long as they continue to oppress members of any class or group who have the strength and determination to fight back. White men themselves have only one avenue to freedom and that is to join in fighting to the death those who are and those who aspire to be the slavemasters of the world. Many of us have been bold enough to intellectualize about revolution, but far too chicken-shit to get down and help make it. Most of us have been nearly fatally stricken with the vile sickness of racism. Again, most of us have been immobilized by our sexist egos and have watched and done nothing as our sisters have rushed by us in battle. We have fooled ourselves into believing that Madison Avenue piggery will bring us eternal bourgeois happiness. If we haven't bought

into the racist, sexist, capitalist, imperialist program we have greened out in Mendocino and New Hampshire. To black people, who lead our struggle for freedom, we have proved to be the racist punks of the world when we kick back and live off the blood and lives of the people. However, many of us have seen through this sham, and are fighting beside comrades from all races and classes, women and men, old and young. We know we have a long way to go to purify our minds of the many bourgeois poisons, but we also know that this isn't done through bullshitting and ego-tripping. It is done by fighting, and as the comrade has taught us, by stalking the pig, seizing him by his tusks and riding his pig-ass into his grave. It is done by unleashing the most devastating revolutionary violence ever imagined by proving that all races and groups of people can unite and fight together for the true freedom of us all. When we call on the people to join us in the fight for freedom, many of you wonder how you can join the Symbionese Liberation Army; feeling that joining materially with those who are already fighting will provide the security you need to justify risking your lives. But we soldiers in the SLA say to this mistaken reasoning that you must read

again our declaration of revolutionary war, in terms of military political alliance. The SLA came into being because many people refuse to wait for so-called revolutionary groups and organizations to lead them into revolution, which would therefore never come. We grew tired of waiting for mythological North American revolutionaries with the necessary expertise and skills we lack, to teach us. We have learned from many brave revolutionary women and men, but, in reality, we are fighting today because we ourselves have seized the moment; taught ourselves, developed incredible strength, determination and committed ourselves to never compromise with the enemy. As anyone with the most primitive of revolutionary mentalities knows, the people will not be given their freedom, they will have to seize it, wait for no one my brothers. Death to the fascist insect that preys upon the life of the people.

FEMALE VOICE:

Up until now, the facist media has printed our documents in full because of their invested interest in Patricia Hearst. From now on, however, since this pressure point no longer exists, the facist corporate military state via the media, will lie about and distort any information concerning the SLA. They will do this (1) In retaliation for being put in a position that required them to put everything (2) To try to isolate us from the people and (3) Discourage the people from joining the forces. Therefore, the people must watch and listen with keen perception. We will speak to you through action. Analyze these actions carefully making sure to recognize when the enemy is in the disguise of revolutionaries. They will do anything to stop the rising of the people including killing their own kind and blaming the people's forces under the pretense of a race war. Remember that the SLA was born from the spirit of the people. The SLA is the people's army and we fight in their interest. The SLA will never compromise. The SLA will not allow the enemy give to deceive us into passively accepting genocide. Listen and watch and let that spirit become your name.

ANOTHER FEMALE
VOICE:

Love to our sisters and brothers in prisons. Courage and faith to our two captured soldiers. Greetings to all oppressed peoples, may we connect. My name is Fahizah (phonetic). The SLA is taking these opportunities to speak with the people now because we have been having a temporary period of inactivity while waiting for the completion of our units' last action. We know that the people want far more than six million dollars of food and we will continue to fight for the total liberation of all oppressed peoples by the only means available, that is, force of arms. The court of the people has issued the codes of war of the Symbionese Liberation Army, and I wish to state that Cinque Mtume is the General Field Marshal of the Symbionese guerrilla forces as well as chairman of United Symbionese War Council. Cinque is a black brother who spent many years of his life in fascist America's concentration camps. Man child years in prisons cells and man years in prison cells. Cinque met literally thousands of black, brown, red, yellow and white freedom fighters while locked down. Courageous comrade George Jackson was one among them. The spirit of all the brothers Cinque knows lives in him now, and the spirit of all the sisters

that Cinque never had the opportunity to meet but knows by common bond like Assata Shakur, Lolita Lebron and Bernardine Dohrn, always in his heart. When Cinque escaped alone, on foot, from Soledad Prison he did so for one reason only - to fight with the people and to lead the people in revolution. He did not escape so that he could kick back hide and get high; he did not even escape to that he could satisfy deep and longing personal ache to simply see the people and be on the streets and unite with his family and be a father once again to his children. Cinque escaped so that he could actively stalk the fascist insect that preys upon the of the people. The lives both he and the peoples' fighting forces lead now may be harsh and dangerous but is better to work with hard reality then to play in pleasant but unproducting enslaving dreams. Cinque Mtume is the name that was bestowed upon him by his imprisoned sisters and brothers. It is the name of an ancient African chief who led the fight of his people for freedom. The name means fifth prophet and Cin was many years ago given this name because of his keen instinct and senses, his spiritual consciousness and his deep love for all the people and children of

this earth. This does not however mean that Cinque is from God or someone that is holy or that he has an extreme ego problem, but simply that he to us and to all oppressed peoples is the instilled hope and spirit of his people and all people and that he is of the people and from the people. A prophet is a leader and fighter who is one of the people. Leaders are individuals who within themselves feel that it is time to lead and bring us one step closer to freedom for all peoples. A leader is one who is able to sense and to see what is coming at us. A leader is one who is able to help the people understand the swiftness and fierceness with which they must move if they would survive. Part of the revolutionary process in which we are engaged involves the constant redefining of thought, word and action. We must deal with all the conditions outside ourselves which oppress and enslave us and we must deal with the enemy within. We must deal with both these diseases simultaneously and with an unrelenting commitments and understanding that in reality we are not living to die. Rather all who choose to fight to the death are dying to live. Cin's example to the people has taught us through his actions and by his own words that he

or she who is scared and seeks to run from death will find it but she or he who is not afraid and who actively seeks death out will find it not at their door. We embrace the concepts of art and spiritual consciousness in material revelent terms based upon the common conditions of all oppressed peoples. We have begun to redefine art as the natural creative reflection of our desperate struggle to survive. Art for us is the total process of sharing and

communally using what we learned in order to live and to fight. We recognize CIN as an artist for what he teaches the people. But we also realize as he himself has said that truth has no author. Another thing which we feel is necessary to clarify is the word "spirit" and all that which is called spiritual. The spirit is the bodies and souls of all the people and the spiritual is the intensity of all common instincts as reflected throughout history, to fight for the freedom of all oppressed peoples, to save the earth and the children from the putrid disease of bourgeois mentality and the putrid disease of the corporate fascist military state. In a profound and spiritual sense, as our sisters and brothers in the BLA have said, resistance to this disease is the single greatest human endeavor today. Comrades in struggle, there is a high price that we have paid and will pay for our mistakes, and there is an even higher price which we have been paying for the loss of our leaders. We are speaking to the people now because we all know that we cannot afford the loss of another leader. And we want the people to know that in spite of the enemy's technology and prestige of terror, we do have a leader that loves the people and lives and fights for the people. This example helps to make a love among comrades that gives attention,

appreciation, care and protection from each brother and sister to the other. The oppressed peoples of this nation have and will continue to bring forth their leaders prophets and fighters until they are free. The people brought forth Malcolm X who came to unite the people and warn the enemy of what would inevitably happen if the people were not freed. The enemy answered by murdering Malcolm. The people then did again bring forth another prophet. This prophet was MARTIN LUTHER KING who with nonviolence and humanity pleaded to the enemy to free the people. And just when KING was ready to declare the nonviolent protest would accomplish nothing but the further enslavement and degradation of the people, the enemy murdered KING.

GEORGE JACKSON was a prophet and leader from the streets and when the enemy imprisoned him, GEORGE received his education in the raw. He learned first-hand that there can be no compromise with merciless pig. GEORGE JACKSON came from the prisons of America and love inspired, he boldly fought the oppressor. When the fascist insect locked him and murdered him, the people knew that they had suffered a great loss. But they failed to unite in the immediate retaliation. Now once again the people have brought forth another prophet and leader. This leader comes not to beg

and plead with the enemy. He comes not to warn of violence, but is himself the bringer of the children of the wind and the sound of war. He has one word to the children of the oppressed and the children of the oppressor: "Come". We have joined together with love and unity and the understanding that those who would be free must themselves strike the first blow.

CIN: This is Field Marshal CIN. I would like to take this opportunity on behalf of the federation to thank WAPAC and all the other coalition members for their aid in feeding and educating the people. We send you our faith and unity to always serve the people. I wish to say to those who would speak about what they want; to you, I say that your words and cries will bring you nothing but a wet face and an empty heart. The enemy is unhearing and he is unmerciful to the oppressed. If you would have freedom for your children and the people, then you as all the oppressed people will have to fight in the struggle for it. Freedom is not tax deductible, nor is it willed to you. No piece of paper can sign it over to you or your children. It is something that in the oppressant world can only be gained and protected by the force of your arms and your spirit to defend that freedom at any cost. To the people and combat forces

of the people, business of a revolution. The following are enemies of the people. They are agents of the enemy, and have been found guilty of working and informing to the enemy against the people and, therefore, death warrants have been issued by this court against them and they should be shot on sight by any of the people's forces when found: ROBYN STEINER, female, white, age 20, hazel eyes, brown hair, height 5'4" with contact lenses, 115 pounds, past resident of Berkeley, now living in Florida, informant of the FBI.

CHRIS THOMPSON, male, black, brown eyes, brown hair, slender build, 6'3", Berkeley resident, a government agent and paid informant for the FBI.

COLSTON WESTBROOK, male, black, age 35, brown eyes, brown hair, height 5'8", 210 pounds in weight, Berkeley language instructor, a resident of Oakland, a government agent, agent, worked for the CIA in Vietnam as an interrogator and torturer in the phoenix operation against the Vietnamese people, and also served same purpose in other foreign countries, now working for military intelligence while giving cross assistance to the FBI.

The Subjects are to be shot on sight whenever found at any time.

Concerning the HEARST operation. The government dictatorship as well as the HEARST empire has shown that

they are quite willing to murder even their own to maintain power over the people. Therefore, it is the judgment of this court that in the future no prisoner of the ruling class or of executive agents will be taken prisoner. The court of the people this date issues the following order: All corporate enemies of the people will be shot on sight at any time and any place. This order is permanent until such time as all enemy forces have either surrendered or been destroyed.

Re the protective custody prisoner. The Subject has been freed but has refused to go home to take part as a member of the enemy fascist state. There is no further need to discuss the release of the prisoner under this condition since the prisoner is now a comrade and has been accepted into the ranks of the people's army as a comrade and fighter for the people's freedom, and, therefore, there is no further basis for negotiations since the Subject may leave whenever she feels that she wishes to do so. She is armed and well capable to defend herself.

This operation is hereby terminated and suspension of offensive operations is hereby rescinded and all combat forces of the SLA and all people's forces are requested and so ordered to resume normal offensive combat operations against all enemies of the people. The court of the people, the court of the people wishes to note that their people

do not wish to be fed by the rich. The people want back their land. There are two soldiers who are in the hands of the enemy and to all our comrades behind the walls. As you know we have learned a hard lesson from our mistakes and we will learn from this for the future and the war that we the people will win. I am sure that you understand that under our codes of war there can be no surrender to the enemy at any time or at any place. You both have shown correct actions in recognizing that even though you are innocent of any crimes it is not possible for you to receive a fair trial in the enemy's arena. I deeply regret that you were not offensively prepared to attack rather than be seized by the enemy. I send you my love and the love of all your comrades and courage in your determination to carry on the struggle even from that side of the wall has revealed never relent from this side. In this way we do expect to meet again.

At this point I would like to take the opportunity to speak to my six lovely black babies - Victor, Damon, Sherry, Sherlyne, Dawn, and DeDe. I want you to know that to just say your names again fills my heart with joy. I want you to know that I love you all with all the love that a father can have for those so dear to him, and I want you to understand also that I have not forgotten my promise to you that whenever you needed me I would be there at your side and so I am now even when you may not see me. I am there. Because no matter where

I am, I am fighting for your freedom, your future and your life. Paddy wants you to understand that I can't come home because you and the people are not free, and as long as the enemy exists I can find no rest or any hope for you or our people as a whole. I can't be happy when the enemy murders the children of the fathers and mothers. I want you to understand that I have to fight for you and for all fathers and mothers who must stay home or who have not the courage to fight or the clear understanding yet that the greatest gift they can give their children is freedom. For you my children, even when I may never see you again, know that I love you and will not for any price forsake your freedom and the freedom of all oppressed people. For you I give all that a father could wish. I give you life without fear and exploitation. I give you love with a future understanding that the price of freedom is daring to struggle daring to win.

In ending this letter to you I ask only one thing of you all that you promise me that you will always honor the people and love the children and defend them both at any price against any enemy.

In closing I wish to play the national anthem of the Symbionese Liberation Army:

At this point background music comes on and someone states:

My people, my brothers, my sisters. Free the people, free the land and save the children. (There is approximately two minutes of music). End

II. INVESTIGATION PERTAINING TO HEARNAP SUSPECTS

A. PATRICIA MICHELLE SOLTYSIK

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 4/11/74

[REDACTED] April 11, 1974, recalled a girl hanging around the fifth floor library of this agency and introducing herself as a SUSAN MILLS, a graduate student of the University of California, Berkeley, in the Sociology Department. He believed that this meeting occurred in about November of 1973.

She insisted that the last time she saw MIZMOON was during the latter part of June, 1973, when she and [redacted] left 706 East 17th Street, Oakland, returning to [redacted] and at which time MIZMOON indicated that she would soon be traveling with a female, lady, and not "CIN" or "SIN." [redacted] recalled that during this time, MIZMOON drove an old model Ford, Chevrolet, or Plymouth, light green in color, two-door sedan, and she was not aware that MIZMOON had owned a 1970 Volkswagen, blue in color, or any other vehicle. *706 E 17*

According to [redacted] did not know many of MIZMOON's friends or associates, and the friends and associates of MIZMOON's, that [redacted] did meet, were on a first name basis and she would normally be introduced to such persons on one occasion only. She said that "MIZMOON is a bisexual lady," explaining that "lady" meant a kind and considerate female. She admitted that she had attended a

number of lesbian meetings with MIZMOON in Berkeley and Oakland, California, during their association, and that they once attended a meeting in an unrecalled church at Berkeley, California, where a film, "On masturbation by females" was shown. She said that this film was attended by mostly lesbian ladies or females and she recalled that she once attended a block meeting at Berkeley, California, that was held by lesbians. She again stated that [REDACTED] who resides at an unrecalled address on [REDACTED], California, was the only person that she could suggest who may know the present whereabouts of MIZMOON.

[REDACTED] and proceeded to [REDACTED] California, or two nights with her parents at [REDACTED] Boise, and they thereafter made a trip to the State of [REDACTED] by hitchhiking and camping overnight. They returned to [REDACTED] on about August 1, 1973, and thereafter, [REDACTED], presumably to return to California, and possibly the Oakland-San Francisco Bay area. [REDACTED] was unable to offer additional background information concerning [REDACTED] other than that he was from [REDACTED] and other descriptive data listed above.

She became homesick for the Oakland-Bay area, California, and during about October, 1973, she decided to return to Oakland, California, and made this fact known to associates in [REDACTED]. She was later contacted by three individuals, whom she described only as [REDACTED] and [REDACTED] who were making a trip to California, and she was able to obtain a ride with these individuals to Oakland, California. They drove from Idaho through Oregon to the Coast and down the coast to Oakland, California, where she left these individuals.

She said that [REDACTED] were not politically active, to her knowledge, and she, therefore, did not desire to furnish any additional descriptive data concerning these individuals.

On arrival at Oakland, California, she said she endeavored to locate MIZMOON; however, she would not divulge the persons contacted in this endeavor, and she indicated that she endeavored to contact MIZMOON at 2135-A Parker Street, Oakland, California, and 706 East 17th Street, ^{706 E} Oakland, California; however, she refused to state that she was personally at either of these addresses. She was unsuccessful in her efforts to locate MIZMOON, and in view of the illness of her mother and grandparents at [REDACTED] she decided to return to [REDACTED] arriving about two days before Thanksgiving, 1973.

She admitted that during about the middle of February, 1974, she directed a letter to MIZMOON at 2135-A Parker Street, Berkeley, California, 94704, and this letter was subsequently returned to her. She was aware that MIZMOON was from the Goleta, California, area, and she then endeavored to locate persons by the name of SOLTYSIK in that area of California. The telephone operator gave her a phone number of [REDACTED] California, and on calling this number from [REDACTED] to Goleta, California, during about the middle of February, 1974, she talked to a female individual that she believed to be either a sister or mother of PATRICIA SOLTYSIK, also known as MIZMOON. The person to whom she talked on the telephone concerning MIZMOON was unable to give her any information concerning the whereabouts of MIZMOON, and on completing this telephone call, she then mailed the letter that had been returned from the above Berkeley, California, address to PATRICIA MICHELLE SOLTYSIK, in care of [REDACTED] California.

She had previously enclosed in this letter a piece of "tooled" leather that she was sending to MIZMOON as a gift.

She admitted that in this letter to MIZMOON, she had mentioned an individual by the name of "CIN" or "SIN", and that she had also expressed love and affection for MIZMOON. [REDACTED] said she is a strong believer in extra-sensory-perception (ESP) and that based on this ESP belief,

coupled with the fact that she had been unable to locate MIZMOON during her trip to the Oakland, California, area during October and November, 1973, that she now believes that MIZMOON may be involved in SLA. [REDACTED] listed this belief as her reason for writing in the letter to MIZMOON, to the effect, "Every time I read about the Symbionese Liberation Army - I flash on you so hard." She said she meant by "I flash on you so hard," that she was thinking strongly about MIZMOON. She again stated that she had no information concerning MIZMOON having been associated with SLA, and in fact, repeatedly denied that she ever discussed SLA with MIZMOON.

She first heard of SLA when she read in the "Oakland Tribune," concerning the murder of School Superintendent FOSTER, Oakland, California, while she was in the Oakland area during October or November, 1973, and at which time it was indicated in that newspaper that the SLA organization had been credited with the murder of school superintendent FOSTER.

[REDACTED] also denied having conversation relative to SLA with the individual who was residing with MIZMOON, and known to her as "Cin" or "Sin," at [REDACTED] East 17th Street, [REDACTED] California, relative to SLA.

She was shown again the three artists conceptions of the individuals who were involved, or participated in the kidnaping of PATRICIA HEARST, and again advised that these artists conceptions of individuals did not resemble any persons known to her. She commented that the picture of Unknown individual #2 was not identical with the individual introduced to her as "CIN" or "SIN," by MIZMOON; however, somewhat did resemble this individual, "CIN" or "SIN," since both were Negro, wore Afro hair, and had a moustache.

[REDACTED] advised that she will cooperate with the FBI concerning the location of MIZMOON and that in view of

the fact that she, prior to leaving MIZMOON, during June, 1973, at the above Oakland Street address, had given her parent telephone number and address at [REDACTED] to MIZMOON, she will immediately contact the FBI in the event that MIZMOON endeavors to contact her, [REDACTED]

On March 26, 1974, [redacted] attempted to locate Tri-Continental Film at 2409 Telegraph Avenue, Berkeley, California. It was learned from a student at the Iranian Student Association Center, who advised that the Tri-Continental Film Company moved out three weeks ago.

On March 26, 1974, telephone call to 548-3204 revealed that this is still the telephone number for Tri-Continental Films, and the female who answered advised that their new offices are now at 2718 Telegraph Avenue, Berkeley.

On March 27, 1974, [redacted] contacted persons at Tri-Continental Film and attempted to interview the three white females working there. The only one of which identified herself was [redacted] who appeared to be of Spanish ancestry (possibly identical with [redacted]). [REDACTED] interviewed concerning her knowledge of NANCY LING PERRY. [REDACTED] related that she is [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] that NANCY LING PERRY worked for RUDY from August, 1972 to September, 1973 on a regular full time basis. LING did work after that on one occasion on December 2, 1973, when RUDY handled a convention at the Civic Center in San Francisco. She has not made any money since then. [REDACTED] that initially when LING went to work for RUDY she had filed a W-4E form different than that which she has on file now. She could not recall if the address was different but remembered that she had previously listed the Social Security Account Number 551-74-3150. The most recent W-4E form shows NANCY GAIL PERRY, 2407-B McKinley Street, Berkeley, California. This form was dated and signed NANCY GAIL PERRY, January 17, 1973. As far as she could remember, LING was last paid September 8, 1973 and was fired by RUDY for taking a girl in and teaching her the operation without his permission. [REDACTED] had no further information concerning NANCY LING PERRY. [REDACTED] had only met her on one occasion and knows nothing about her personal life or involvement with the Symbionese Liberation Army (SLA).

[REDACTED] interviewed by Special Agents [REDACTED] and [REDACTED] concerning her knowledge of NANCY GAIL LING PERRY. She furnished the following information:

[REDACTED] advised that she was employed by [REDACTED] as an orange juice stand operator and on from 1972 through January, 1974. She knew LING PERRY, as she called her, and claimed she only had contact with her at work. LING quit sometime around the end of Summer, 1973 and [REDACTED] not seen her since then.

[REDACTED] lived around the corner in the 2400 block of McKinley. She thought LING was living with her husband, GILBERT PERRY, at the time, although she never visited LING at her apartment. [REDACTED] does not know of any other address for LING PERRY. [REDACTED] never knew of any telephone number for LING PERRY. [REDACTED] knows of no friends that LING PERRY had except for ROLY HENDERSON and her husband, GILBERT. She never heard LING talking about any other friends.

[REDACTED] stated that LING never talked much and did not, at least to her, talk about any special philosophy, political ideology, or radical leaning.

[REDACTED] considered LING to be a very logical person who was very much of a loner. LING did not appear to be affected by the cramped quarters of the orange juice stand any more than the rest of the workers. [REDACTED] claimed no knowledge of drug use by LING.

[REDACTED] advised to contact the FBI should she remember any additional information about LING or hear anything concerning her whereabouts.

[REDACTED] advised that his wife was the last person to see ANGELA before she moved. At this time ANGELA was packing clothing, etc. into a new-looking light blue car. ANGELA ATWOOD had previously told him that she would be moving from the apartment because she could not afford the rent, and that she was going to move in with a couple of people. [REDACTED] that at the time ANGELA told him she was moving he observed an unidentified man in ANGELA ATWOOD's bedroom putting his clothes on. [REDACTED] could not provide a description of the unidentified male other than that he was white. [REDACTED] that upon cleaning up the house they observed that ANGELA had thrown away all of GARY ATWOOD's things, including a Bible which belonged to GARY. [REDACTED] also advised that when cleaning up he noticed a letter in the mail box addressed to a WILLIE WOLF (PH). [REDACTED] advised the Oakland Police Department of this letter in the mail box and that afternoon he discovered it missing. [REDACTED] does not know who took the letter. He also observed instructions which were posted near the door in regard to what to do if a police officer comes to the door. These instructions contained such things as, "Do not open the door. Demand a warrant; and Refuse to Talk to the Police Officer." [REDACTED] advised he found no other radical-type information in the apartment.

[REDACTED] advised that he found many B-Bs as if someone had been target practicing inside the house with a B-B gun, and he also found one round of ammunition which he turned over to a police officer near his home. [REDACTED] could not

[redacted] advised that ANGELA ATWOOD was the person who actually rented the apartment and that he seldom saw GARY ATWOOD at the residence. ANGELA ATWOOD was a very likeable person and [redacted] not feel that she would become involved in anything such as the SLA. While living at the Delaware address, ANGELA ATWOOD was employed at the Bank of America building in San Francisco for some type of food distribution company.

[redacted] advised that she might have some friends at a theater club located on Bancroft Avenue because she was very active in this theater club and furnished he and his wife with tickets for the plays in the past. [redacted] could not recall the name of the theater.

[redacted] advised that he had been contacted by the Oakland Police Department and also the Berkeley Police Department concerning ANGELA ATWOOD. [redacted] furnished the Berkeley Police Department with all the things he had retained from the apartment after cleaning it up. [redacted] could not recall the name of the officer whom he had given these articles to.

[redacted] advised that he did not feel that he could recognize ANGELA ATWOOD's voice if he heard it on a tape and felt that it would be a waste of his time and of the Agent's time to attempt to determine if it was ANGELA ATWOOD's voice on the tape.

[redacted] contacted at her residence, [redacted] sent during the interview was [redacted] resided with [redacted] the above address. [redacted] that she was employed as a [redacted] the [redacted]

[redacted] the following information.

She has known CAMILLA HALL since [redacted]

[redacted] had not had any contact with HALL from the time [redacted] until 1971 when they met by chance at a performance at the Berkeley Repertory Theatre. [redacted] which HALL had come to see. It turned out that HALL had come to the performance specifically to see a neighbor and friend, on [redacted] who was also in the performance. HALL recognized [redacted] while at the performance and the two renewed acquaintances. [redacted] and HALL have been good friends since the above-described meeting in 1971. [redacted] estimated that the two either got together or talked over the telephone on an average of once or twice a week.

[redacted] HALL in 1971, HALL was residing at 2021 Channing Street in Berkeley. Also living at that address were [redacted] and his girlfriend [redacted] PAT SOLTYSIK, and another individual whose name is not known to [redacted] who lived upstairs and in a room across the hall from CAMILLA HALL. [redacted] lived in a downstairs apartment together. Both SOLTYSIK and HALL were then living in separate rooms by themselves at the Channing Street residence. It was [redacted] impression that HALL met SOLTYSIK when HALL moved into the Channing Street residence, but [redacted] was not certain as to the exact circumstances under which the two girls met. [redacted] described HALL and SOLTYSIK as "lovers".

Interviewed on 3/25/74 at El Cerrito, California File # SF 7-855

[redacted] Date dictated 3/26/74

She believed SOLTYSIK to be bisexual but was quite sure that HALL was a lesbian with no bisexual activity.

[redacted] noted that CAMILLA HALL was very open and somewhat proud of her lesbian status. [redacted] not know exactly when the transformation of HALL into a lesbian occurred, but stated that she did not know HALL to have any lesbian tendencies [redacted]

In spite of HALL's openness regarding her lesbian status, she was debating as to how and when to break the news to her parents, with whom HALL was very close. HALL was afraid that her parents would not understand HALL's attitudes concerning her lesbian status. [redacted] emphasized that she believed HALL to be quite close to her parents, and believed that they would be the first people she would contact if she needed help or if she were in any trouble. HALL made an effort to maintain good communications with her parents since all of her brothers and sisters had died and she was the only one her parents had left.

[redacted] identified a photograph of PATRICIA SOLTYSIK as the girl she had described as HALL's "lover". [redacted] only contact with SOLTYSIK was at the above Channing Street address. While living at that address, SOLTYSIK changed her first name to MIZMOON for reasons unknown to [redacted] HALL was thereafter careful to refer to SOLTYSIK by her new first name as she seemed to think the name was important to SOLTYSIK. HALL moved from the Channing Street address to her last known residence on Francisco Street in Berkeley approximately one year after [redacted] had renewed her acquaintance in 1971. It was [redacted] understanding that the reason HALL moved was that she and SOLTYSIK had had a fairly serious "lover's quarrel". [redacted] was not aware of the reason for the quarrel but had received the impression it was not due to a lover's triangle-type situation. [redacted] stated that HALL stayed on at the Channing Street residence for two or three months after her falling out with SOLTYSIK in an apparent effort to work out the situation. However, being unable to do so, she moved to Francisco Street. [redacted] did not have any contact with SOLTYSIK after HALL moved from Channing Street, and was of the impression that HALL did not have any further contact with SOLTYSIK either. However, she pointed out that the two could have seen each other again or possibly even gotten back together without [redacted] knowing about it.

The only other names [redacted] could recall as having been friends of HALL and SOLTYSIK were [redacted] believed [redacted] be an artist from Los Angeles, and believed [redacted] to reside in the Berkeley area. [redacted] met the above two girls, along with others whose names she could not recall, at a barbeque two summers ago at the Channing Street address.

[redacted] shown the following photographs during the interview:

EMILY M. HARRIS

PATRICIA (Also known as MIZMOON) SOLTYSIK

[redacted]
DONALD D. DE-FREEZE

In addition to SOLTYSIK, [redacted] photographs of [redacted] friends of CAMILLA HALL's. [redacted] believed she had probably met [redacted] the above barbeque. [redacted] stated she did not recognize the photos of HARRIS, [redacted] DE FREEZE [redacted] She noted that she had never observed HALL or SOLTYSIK with any black people whatsoever.

[redacted] CAMILLA HALL as a nonviolent person who was quite a good artist. [redacted] displayed numerous pen and ink art sketches which HALL had given and/or lent to [redacted] prior to moving from Francisco Street. [redacted] stated that HALL had matted and framed the art items herself. [redacted] began working as a gardener prior to leaving the Channing Street address as her art works were not selling well enough to support her. HALL had a showing of her work at the Channing Street address prior to her moving and did sell quite a few items. [redacted] HALL to attend a lot of meetings held by a variety of groups, none of which were very radical. [redacted] not specifically remember the names of any groups mentioned to her by HALL, but did recall some women's groups, peace groups and a combination of the two. HALL seemed to be attending these meetings to find some cause which she could get involved in. The only cause [redacted] knew HALL to become actively involved in was when HALL attempted

4

to obtain union status for the temporary East Bay Park District employees when she was employed by that district at Lake Temescal. [redacted] described HALL as more of a follower than a leader. The East Bay Park District issue is the only issue wherein [redacted] knew HALL to assume a leadership role. [redacted] and HALL used to like to argue and debate national political issues such as the Watergate affair. Remarks HALL made to [redacted] during these discussions indicated to [redacted] that HALL was definitely opposed to radical-type activities. [redacted] noted that HALL was opposed to hunting and was in favor of stricter gun legislation.

HALL was interested in classical guitar music and came over to [redacted] house on occasion to practice the guitar with [redacted]. [redacted] noted that she and HALL, accompanied by [redacted], attended the performance of a classical guitarist at Stanford University several months ago. [redacted] did not specifically recall having ever lent HALL \$65 but stated that this was certainly possible.

HALL had few friends and associates who also worked as gardeners in the Berkeley area. One of HALL's friends worked as a carpenter. [redacted] could not recall the names [redacted] but stated the first name [redacted] was vaguely familiar to her.

HALL owned and drove a dark blue or green Volkswagen bug. [redacted] not know the year of the car, but stated it was maintained in good condition by HALL.

The last time that [redacted] had any contact with HALL was the Friday prior to the weekend that HALL left for her new gardening job at a Palo Alto, California estate. HALL was supposed to live on one of two estates where she was supposed to do gardening work. HALL was extremely excited and happy about the new job since it was a good paying job, and would allow HALL to get away from crowds and pollution. [redacted] believed that [redacted] either saw HALL off when she did leave or saw her shortly before she left. [redacted] noted that HALL departed with her pet cat, Kaya, of whom she was very fond. HALL had initially hoped

5

to find a new owner for the cat, but decided to keep the cat herself, as she was afraid that no one would take care of the animal as well as she did.

[redacted] acted very surprised that she has heard absolutely no word from HALL since HALL departed for her new job in Palo Alto. After learning of the FBI's interest in HALL, and hearing recent rumors about HALL, [redacted] even considered the possibility that HALL herself had been kidnaped. [redacted] stated from what she has heard and read about the Symbionese Liberation Army (SLA) since the HEARST kidnaping, she could not believe that HALL has fallen in with this group or has identified with their stated cause and purpose. [redacted] stated that the SLA's cause is definitely one that would not interest HALL in any way. She reiterated that HALL was a compassionate, warm, and nonviolent person whose interests were art and gardening.

In response to a question [redacted] stated that she herself was not a lesbian although many of CAMILLA HALL's friends were.

During the course of the interview, [redacted] concurred completely with almost everything that [redacted] said. He added that he considered HALL to be "politically naive" and one who is "taken in by rhetoric". He believed HALL to be involved in the "women's struggle" and believed her to be more of a follower than a leader. He concurred with [redacted] that HALL would not of her own volition become involved in anything violent or radical.

HALL told [REDACTED] that she planned to shop around in an attempt to get more than \$500 for the car. HALL returned to the Volkswagen agency and talked to [REDACTED] on about February 27, or 28, 1974 and offered to sell the car at \$500. 1 Attached to this FD-302 is a copy of original insurance application for auto insurance made by CAMILLA C. HALL.

[REDACTED] Sears and Roebuck Building, 2633 Telegraph Avenue, Oakland, California. [REDACTED] advised that CAMILLA HALL made application for auto insurance on February 3, 1973 on a 1968 Volkswagen two door, hard top, Vehicle Identification Number (VIN) 118081383.

[REDACTED] viewed a photograph of CAMILLA HALL stating that although he has not seen her since she made the application over a year ago, he recognized her photograph stating her hair was somewhat shorter. She was dressed in blue jeans and a Bohemian type blouse. She appeared to be very knowledgeable about insurance procedures and he talked with her at length.

[REDACTED] advised further that he received a notice that her policy was renewed and that she had made a payment on March 12, 1974. He stated that the renewal of this insurance and the payment would automatically apply to another vehicle if she sold the Volkswagen and purchased another car.

The original application reflected her address as 2021 Channing Way, Berkeley, California, but the renewal card he received from his office in Menlo Park, California, reflected an address of 1353 Francisco Street, Berkeley, California. Her insurance payments are made by mail and are sent to the Sears Office at Menlo Park, California.

[REDACTED] advised on April 3, 1974, that after rechecking with his office in Menlo Park, it was determined that the insurance payment of March 12, 1974, was in error as she had not actually made any payment. Although the insurance was renewed

[redacted] recalled that when these people first moved into 1560 Sutherland Court, there was NANCY LING and two other girls, both about the same age and size. One had short, brown hair and the other had blond hair worn in an upsweep. About one week or so later, a man, described as Caucasian, mid-twenties, small build, brown hair (neatly cut), moved in and it appeared that the other two girls left shortly thereafter. The man was observed frequently working on the red van. [redacted] was interviewed in the presence of his attorney, [redacted] at the Berkeley FBI Resident Agency. *Calif*

At the onset of the interview [redacted] requested that he and his client, [redacted] be advised of the scope of the information being sought. Special Agent [redacted] informed them that the interview was designed to develop information concerning the kidnaping of PATRICIA CAMPBELL HEARST and background information regarding the SLA.

[redacted]
[redacted]
He described the BCA as a "social club" which allowed frustrated inmates the opportunity to express their grievances. [redacted] felt that although BCA members (inmates) discussed revolution, none of them would actually be willing to participate in a revolution. [redacted] that the BCA's revolutionary rhetoric "sounded good" to the inmates and this led to the BCA's large membership. [redacted] emphasized that the revolutionary rhetoric discussed at BCA meetings was done by inmates and outsiders who regularly attended these meetings never discussed revolution.

Those outsiders who regularly attended these meetings were WILLIE WOLF, RUSSELL [redacted] *Calif*

[redacted] Outside Coordinator [redacted] described [redacted] a "bourgeois" person who was only interested in the prison program for his personal gain.

[redacted] was acquainted with DONALD DE FREEZE [redacted] of these individuals were active in the BCA program [redacted]

He could not identify any of the voices on any of the tapes. He explained that it has been his experience that tape recordings generally change a person's voice and he could not identify any voices on the tapes.

[redacted] stated that he last [redacted] approximately one week ago at the Crittenden Center, Oakland, California [redacted]

[redacted] It [redacted] that [redacted] is not connected with the SLA, nor is she involved in the HEARST kidnaping because she does not advocate violence in any way and does not want to become estranged [redacted]

Prior to the interview it was explained to [REDACTED] and his Attorney [REDACTED] that they are not the objects of any criminal investigation and that cooperation was being sought regarding persons who may have taken part in the activities of the Black Cultural Association (BCA). Through his Attorney [REDACTED] indicated a willingness to answer any questions that he possibly could, but stated that he had no knowledge or information pertaining to [REDACTED] since their escape from prison. [REDACTED] furnished the following information:

He advised that the BCA was founded in 1968 and was incorporated in 1970 at Sacramento, California, [REDACTED]

[REDACTED] such as instructors, guest speakers, volunteers, etc. In December, 1972 [REDACTED]

[REDACTED] advised that there is an executive body to the BCA which consists of five inmates inside the prison. There is also a Board of Elders, which are persons working on the outside who act as guardians to the BCA organization. [REDACTED] that he became interested in the BCA through [REDACTED]

[REDACTED] brought home a notice which was on one of the bulletin boards which sought people to work as volunteers and instructors at Vacaville Prison. It was approximately October or November of 1972, [REDACTED] active in the program of the BCA.

[REDACTED] that the BCA met two times a week, on Wednesdays and Fridays, that on Wednesday night instruction in various areas took place and that on Friday nights some sort of non-instructional entertainment took place such as guest communication speakers, poetry readings or dramatic skits.

[redacted] described the BCA as an educational and cultural organization which was formed solely to assist prisoners through educational advancement and sometimes legal assistance. The programs included a tutoring program in an effort to help prisoners obtain high school equivalent diplomas. English Composition, Black Cultural and Political Science classes were also taught. In addition to this, a class on pre-release matters was given to those inmates who were expecting to be paroled or released shortly.

(slg)
[redacted] stated that the chairman of the executive body at the time [redacted] was [redacted] Prior [redacted] and [redacted] former members of the executive body included [redacted] [redacted] advised that neither DONALD DE FREEZE [redacted] were on the executive board while in prison but were members of the BCA. DE FREEZE taught a class in sociology which dealt with the black family unit [redacted] in in a number of these classes and commented that these classes dealt with re-constructing of the black family with respect with the black community and society as a whole.

[redacted] ised at this point that he has no information concerning DE FREEZE's escape or involvement of any BCA members who may have assisted. [redacted] has no knowledge concerning his escape from prison or his current location. [redacted] described DE FREEZE as an intelligent and astute person who is aware of his black cultural backgrounds.

[redacted] claimed to have no knowledge of any political beliefs of [redacted]

DE FREEZE

Naturally, there was a certain amount of anti-establishment feeling by the prison inmates just because they are in prison and some by persons on the BCA outside membership.

AP-7-200

WLR/10

[REDACTED] recalled that DE FREEZE was teaching a class when he joined the BCA. [REDACTED] recalled that [REDACTED] took over the instruction of DE FREEZE's class when DE FREEZE got transferred to Soledad.

[REDACTED] BCA membership was comprised of an estimated 170 people. He added that of this large number only an approximately 20 - 25 persons were regular volunteers. This list was trimmed down to get to a reasonable number, approximately 25, at the request of prison officials. [REDACTED] at this point said he would provide both of these lists if he could find them. [REDACTED] advised that three of the persons in the BCA who were helpful were RUSSELL LITTLE, WILLIE [REDACTED] that LITTLE lived at a house on Chabot Road in Oakland, but did not know the address. There were a number of other people that also took part in the BCA who lived at the same address as LITTLE. When asked if he could name these persons [REDACTED] declined to answer. With respect to LITTLE, [REDACTED] said that he has no knowledge of persons involved in the MARCUS FOSTER slaying. He advised that WILLIAM WOLFE and [REDACTED] were teaching a Political Science class which was later changed to Philosophy as the institution officials frowned on any political education of the inmates. [REDACTED] said that WOLFE and [REDACTED] taught some on Dialectical Materialism and [REDACTED] felt that this was more of a rap session where the prisoners and outside members of the BCA shared complaints and attempted to solve some problems confronting the prisoners. [REDACTED] does not know where WILLIAM WOLFE lived or currently lives. He stated that both WOLFE and [REDACTED] were quite functional with respect to the operation of the BCA. They helped the men on the inside with respect to getting [REDACTED] contributions for the BCA, obtaining new [REDACTED] and guest speakers. [REDACTED] last heard that [REDACTED] on Chabot, but left that location after the

Police raided it after the arrest of LITTLE and REIRO in
Concord, California.

[redacted] was asked if he knew any members of the
SCA using the name CINQUE, and he stated that he knew a
number of prisoners that use the name CINQUE. When asked if
he ever heard DONALD DE FREEZE using the name CINQUE,
[redacted] said he did not want to answer the question. When
asked if he heard the Symbionese Liberation Army (SLA) tapes,
[redacted] said that he had and that he does not want to
identify any voices on the tape recordings sent to the HEARST
family by the SLA. He advised that the voice sounded like
a number of people he knows.

He had no knowledge that the BCA gave birth to the SLA and could not point out any members of the BCA outside membership who could possibly be part of the SLA. To his knowledge, these BCA meetings were not used to plan any revolutionary activity or kidnaping or murders.

[REDACTED] advised that if the couple had any information concerning the SLA or the HEARST kidnaping, he would have interceded with them to talk to the FBI. The only information that he learned from the couple was that they apparently attended some self-defense instructions in which a person apparently learns how to use weapons and some type of a Marxist meeting. No known writing for CAMILIA HALL has been submitted.

For your assistance, some resemblances were observed in comparing the SOLTYSIK signature on Q106 with available writing of SOLTYSIK.

Characteristics observed in this comparison indicate that more than one writer may be involved in the preparation of Q105 through Q109.

The typewriting on Q110, Q111 and Q101 through Q104 has not been identified with typewriting on any other items submitted in this case, the SLA case or the ASGM case.

The writing on Q112 and Q113 is too limited for an adequate comparison.

The questioned writing on Q114 is a block type hand printing, which is a common type disguise and which will likely preclude identification of this writing with the writing of any known person. It is noted that Q28 through Q31 previously submitted in this case, is also in a block style hand printing. However, this is not to indicate a connection between these items.

For your assistance, even though the hand printing and handwriting on Q113, Q126 and Q127 is probably too limited for identification with the writing of any known person, some characteristics in common were observed in comparing the written notation on these items.

For your assistance, some handwriting similarities were observed in comparing the writing on Q128 with available writing of [REDACTED] which indicates that he could have prepared the questioned writing of Q128. However it will be necessary to have additional comparable writing before a more definite statement can be made.

As of March 12, 1974, the Laboratory advised that nothing of particular significance was observed in comparing the available writing of LITTLE, [REDACTED] with any of the unidentified questioned writing in this case and related matters.

Title: **HEARNAP**

Character: **KIDNAPING**

Synopsis: Anonymous letters to Kentucky State Police and similar letters to Berkeley, California Police Department examined by FBI Laboratory and conclusion reached that typewriting on Q111, Q102 and Q104 were prepared by the same typewriter. Q112 and Q113 are envelope and cassette tape received by KSAN and Q125, Q126 and Q127 are envelope and cassette tapes directed to KDIA. A definite conclusion was not reached whether the questioned writing was prepared by the writers of the unidentified questioned writing in this case, the SLA case or the ASGM case. Q112 included one piece of brown plastic tape and two pieces of white plastic tape. A bleached blond head hair of Caucasian origin 3 1/8 inches long was adhering to the white tape and is of limited value for comparisons. Q125 includes a piece of brown plastic tape. The torn end of this tape matches the torn end of the brown plastic tape of Q112. The brown tape from Q112 and the brown tape from Q125 were originally one piece. The above concerning the brown plastic tape is also true concerning torn ends of the white plastic tape from Q112 and Q125. Envelopes and letters signed SLA directed to ABC, CBS and NBC national news commentators had typewriting with similar spacing and type style to the typewriting on Q41 and Q44 previously submitted, but some possible style differences were observed in the comparison and it was concluded that the typewriting on submitted items was not prepared by any of the typewriters used to prepare other items submitted in this case and the other cases noted above. The typewriting on Q147 is a similar size and type style to the questioned typewriting on Q20 through Q23 and Q32 through Q39 submitted in this case, Q16 and Q17 in the ASGM case and Q28 and Q29 in the SLA case, but a definite conclusion was not reached whether these items were prepared by the same typewriter. Investigation Concerning "Open Letter
to the People" Q65 - Q71

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 2/26/74

[REDACTED]

furnished the following information:

On the previous afternoon, February 20, 1974, he was studying and working on a study related project on the First Floor of the Main Library at UCB. At approximately 4:00 PM that afternoon, he went to the Xerox copy machine located on that floor to make some copies of a paper on which he was working. He had to wait for approximately three or four minutes as there was a couple already making copies on the machine. Mr. [REDACTED] recalled that the machine was labeled "Number 9" and was one of two Xerox machines located on the First Floor of the library. He further recalled that the machine he had waited to use was the closest of the two Xerox machines to the library main door.

When the couple had finished their copy work and as they were walking away from the machine, [REDACTED] discovered that they had left one of the original pages of a document which consisted of several pages which they had been copying. [REDACTED] recalled that the couple made three separate copies of each page of the document they were copying. [REDACTED] called out to the couple and notified them that they had left one of their pages behind. The couple returned and obtained the page they had left in the machine.

[REDACTED] noted at the time that the words "Open Letter to the People (Cont.)" were typed across the top of the document in the machine. [REDACTED] further recalled that the typing on the page did not fill the completed page.

Several minutes after the above incident, and after [REDACTED] had finished his own copy work at the Xerox machine, he walked through the campus area at Sproul Plaza and observed the above couple talking to a white male near Sather Gate.

Interviewed on 2/21/74 at Berkeley, California

by [REDACTED] /sdr

[redacted] did not think anything of the above incident at the Xerox machine at the time, as the words "Open Letter to the People" were similar to words and phrases he had seen and heard on the Berkeley campus. However, on February 21, 1974, he heard news over the radio that the "Oakland Tribune" had received a letter on February 21, 1974, which was entitled "Open Letter to the People". It occurred to him that perhaps his observation was connected with the document that had been sent to the "Oakland Tribune".

Mr. [redacted] made available a copy of a paper which bore the words at the top "Chapter 2 -- Development of the Tremie Process". He stated that this paper came from the above Xerox machine which both he and the couple referred to had used on February 20, 1974. This paper was retained by SA [redacted] for possible evidentiary value.

Anonymous Letters to Kentucky State Police

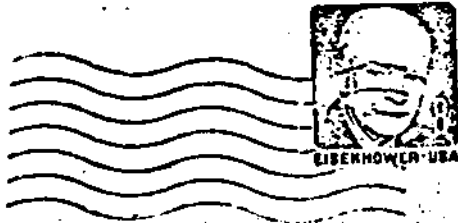

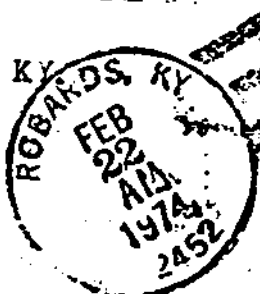

Q101 - Q104

[REDACTED] furnished the originals of the following letters to SA [REDACTED] Louisville Office, FBI:

(It is to be noted that each envelope bears a return address of Henderson, Kentucky, but the envelopes are postmarked at Sebree, Kentucky, on February 21, 1974 and February 22, 1974, respectively. The letter postmarked February 21 was missent to Robards, Kentucky, due to an incorrect zip code. The address of the Kentucky State Police Post was typed on the envelopes as listed in that fashion, with the exception of the zip codes, in the Henderson, Kentucky Telephone Directory.)

I feel that I have no choice but to contact you. I tried to send a message to the authorities in Berkeley, but I fear that it failed to arrive, due to insufficient address. When they began their search for Wheeler and Defreeze, I feared I would be next, so I fled. I returned here, to my hometown, where I felt I would be secure. But I could not remain silent. I fear what may happen to Miss Hearst. I am loyal to our cause, but fear now that the great words and ideas which persuaded me to join the SLA may be no more than just words and ideas. I have seen and done things I didn't like. I don't like what we have done now. Should harm come to Miss Hearst, it could destroy the faith that so many have in us, and it may jeopardize our ideals. Through you, I may contact the others, and warn them. I support them still, and believe in what we are trying to do, but I realize now that we are going about it the wrong way, a way which will only hurt people, and not help them. Please get my message to them, in newspaper or on radio. Tell them that if they harm the prisoner, I will be forced to denounce them, and submit information on them. You must believe me, for a life may be at stake. I cannot come into the open, and I will not reveal them if they release the prisoner unharmed, once our great goal is reached. I am sorry that we had to do this in order to right the wrongs done by Mr. Hearst and so many other uncaring capitalists. They ~~will~~ will know what I can do to them. Your action may help to keep Miss Hearst safe, if only you will believe and act. You must, for lives may be at stake. Many lives.

It is as I feared. As you must have heard on the news, they have increased their demands. As long as they hold Miss Hearst prisoner, they will continue to do so. They will not be satisfied as long as they have the advantage. Believe me, they can and will carry out their threat should they decide to do so. What chance is there that they will release her to be an eye witness against them? Now more than ever, I fear that what we tried to do has gotten out of hand. I cannot say what their plans now are. I warned you in my first letter which I hope you received, read, and believed, that they were dangerous when desperate. They have strayed from the original plan. I do not know who is now in charge, nor what their intentions are, but I am greatly concerned for the prisoner. As I live in secrecy and hiding, I must withhold names. Do not look for me. Your duty is to protect the life of Miss Hearst. I cannot contact those who can do this, but you can. Again, I implore you to send warning to those in the SLA that should they harm the prisoner, I will expose them. They will know who I am, and they will know what I can do. Tell them there is a chance yet that we may accomplish what we set out to do, without hurting anyone. Please, tell them. I say again that lives are at stake. Can you ignore this, and take the chance that this is a hoax? Can you, or will you gamble that those who have killed before will not kill again? It is up to you. May God help us all if you decide wrong.

Santa Barbara County Records in Name of
M. SOLTYSIK and MARY SCHWARTZ - Q106 - Q109

A review of records of Santa Barbara County Recorder's Office, Bureau of Vital Statistics, disclosed that on November 29, 1973, M. SOLTYSIK, 1016 Bath Street, Santa Barbara, requested to search birth and death records on that date.

On November 21, 1973, MARY HENSLEY submitted an application for review of birth and death records for the year 1970. HENSLEY stated the reason for the application was to put together her family tree, but on being informed of the application fee, \$2.00, stated she did not have the money and left the office.

A residence address of 513 Chapala, Santa Barbara, on HENSLEY order form was subsequently determined to be a nonexistent residence.

On November 30, 1973, HENSLEY returned to the Bureau of Vital Statistics office stating she wanted to obtain a birth certificate of a deceased individual, CYNTHIA SUE MANKINS. When ordering the certificate HENSLEY used the name MARY SCHWARTZ and gave her residence as 1923 De La Vina, Santa Barbara. Subsequent investigation at the De La Vina address determined that HENSLEY or SCHWARTZ were unknown at that address.

Specimens received 3-7-74

Q110 Envelope postmarked "SEBREE, KY FEB 21 AM 1974 42455," bearing typewritten address "CITY POLICE DEPARTMENT, BERKELEY, CALIFORNIA, 946--"

Q111 Sheet of paper bearing typewritten message beginning "I feel it is my duty ..."

Result of examination:

The conclusion was reached that the typewriting on Q111, Q102 and Q104 were prepared by the same typewriter. Also, characteristics observed indicate that the typewriting on the envelopes Q101, Q103 and Q110 may also have been prepared by the typewriter used to prepare the Q102, Q104 and Q111 letters; however, due to the lack of comparable typewriting, a definite conclusion was not reached.

Q110 and Q111 contain no watermarks, indented writing of significance or other characteristics to aid in definitely determining their source. An eight cent U.S. Postal Service stamp, torn from a roll of stamps, is affixed to Q110.

Q110 and Q111, which have been photographed, are being returned separately.

Cassette Tape Received by KSAN Q112 - Q113

[REDACTED] of the "San Francisco Examiner", on March 9, 1974, furnished a yellow manila envelope which contained one Scotch C-120, Highlander - Low Noise Tape Cassette, having written notation "SLA March 74". There was also a California State Automobile Association card in the name of "Patricia C. Hearst".

The personnel at KSAN told [REDACTED] that a female called them on March 9, 1974 and told them that there was a tape in the ladies restroom at Foster's Restaurant, Polk and Sutter Streets, San Francisco, California. At first they were unable to locate it, but later they received another telephone call and found it at the second floor restroom inside a plastic jacket taped to the wall.

Result of examination:

A definite conclusion was not reached whether the questioned writing on Q112 and Q113 was prepared by the writers of the unidentified questioned writing in this case, the case captioned "Symbionese Liberation Army (SLA) EM" or case captioned "August Seventh Guerrilla Movement (ASGM) EM" or by any of the suspects whose known or purported known writing is available in the Laboratory, due to the limited amount of questioned writing and the presence of unexplained variations.

Specimen Q112 includes one piece of brown plastic tape 1 1/2 inch wide and 5 1/4 inches long and two pieces of 1 1/2 inch wide white plastic tape. The two pieces of white tape fit together to form a continuous strip 6 1/2 inches long. The ends of this strip and the ends of the brown tape are torn and are suitable for comparison. The brown tape has adhesive on one side while the white tape has adhesive on both sides. The brand or source of the tape is not known.

A bleached blond head hair of Caucasian origin, 3 1/8 inches long was adhering to the white tape.

This hair is of limited value for comparisons. Fibers of various types and colors are adhering to both the brown tape and the white tape.

The submitted evidence, which has been photographed, is being returned separately.

Q124 Cartridge found at 1560 Sutherland Court

Result of examination:

Specimen Q124 is a .38 Special caliber cartridge of Winchester-Western manufacture which was factory-loaded with a 158-grain, copper-coated, round-nosed bullet. The nose of the bullet has been hollowed out. The hole in the nose appears to have been drilled out using a drill of approximately 1/8" diameter. It is noted that specimen Q124 lacks sufficient individual microscopic marks of value for identification with a particular drill.

The hole in the nose of the Q124 cartridge was found to contain a petroleum wax. A small crystalline residue beneath the wax filler was found to be too limited in quantity for identification.

Specimen Q124 is being temporarily retained in the Laboratory for future comparison purposes.

Specimens Q125 includes a piece of brown plastic tape one and one-half inches wide and nine and one-half inches long with adhesive on one side. One end is cut and the other end is torn. The torn end matches an end of the brown plastic

tape in specimen Q112. The brown tape from Q112 and the brown tape from Q125 were originally one piece.

Washington, D. C. - Q141

On March 12, 1974, FBI, New York received from the above described major television news commentators, a letter and four accompanying documents. Accompanying letter was signed "Sincerely yours, The S.L.A." and stated in substance that PATRICIA HEARST was in good health and was safe. The four accompanying documents were literature prepared by Concerned Citizens for Social Development, 59 Beideman, San Francisco, California (415) 346-9612, organized by ROLAND L. HAYES.

WALTER CRONKITE, CBS News stated that contacts with ROLAND HAYES on March 12, 1974 by CBS disclosed that Concerned Citizens is a non-profit organization that has been in existence for several years and presently consists of eight or nine members. It was contacted by individuals supposedly associated with SLA and HAYES agreed to help SLA, although he did not agree with their methods.

The FBI, Washington Field Office furnished the following:

POSTAGE

62

MR. HOWARD E. SMITH
C.O. A.B.C. NEWS
WASHINGTON, D.C.

200036

DEAR MR. SMITH:

PATRICIA HEARST IS SAFE AND IN GOOD HEALTH. THE S.I.A. SENT THE ATTACHED MESSAGE TO THE PEOPLE TO MR. RANDOLPH HEARST AND REQUESTED THAT HE PRINTED IT IN HIS NEWSPAPER EVERY OTHER DAY TO ALLEVIATE OUR DISAPPOINTMENT WITH HIS FOOD DISTRIBUTION PROGRAM. TO DATE HE HAS KNOWINGLY AND AWARILY IGNORED OUR DEMAND. IT NOW APPEARS TO S.I.A. THAT HE WOULD RATHER SACRIFICE HIS DAUGHTERS LIFE THAN TO PRINT THE TRUTH TO THE AMERICAN PEOPLE IN HIS NEWSPAPER. THE ORGANIZATION THAT HANDED OUT THE LITERATURE ATTACHED IS IN NO WAY AFFILIATED WITH THE S.I.A. BUT WE ARE WORKING TOWARDS A COMMON GOAL.

WE WISH C.B.S. A.B.C. OR N.B.C. WOULD DEDICATE ONE HOUR OF NATIONAL NETWORK TIME TO THE FOUNDER OF C.C.S.D. SO THE MAN COULD DELIVER A MESSAGE TO THE PEOPLE THAT COULD SAVE THE NATION FROM POLITICAL DISASTER AND ECONOMICAL DESTRUCTION.

SINCERELY YOURS,

THE S.I.A.

The following results and recommendations were sent to the big four auto manufacturers; General Motors, Ford, Chrysler, and American Motors which was dated

Upon conducting a survey of ten thousand motorists in Northern and Southern California, we found that forty per cent of the motorists who participated are already carrying gasoline containers in their automobiles. Twenty per cent stated that they carried these containers as a precaution, against running out of gasoline, in which case these containers would be used to transport gas to their vehicles. This precautionary measure is fine, and we encourage it, but the twenty per cent of the motorists who carry their containers filled with gasoline are the ones we are worried about. We know you realize this was mostly brought about by the energy crisis, but as gasoline becomes more scarce, and if the government puts a rationing program into effect those figures could double, even triple. Imagine what a fire hazard one spark could cause in case of an accident, or if a container wasn't securely closed, it could literally send millions of automobiles into raging flames. Millions of automobiles will become moving fire bombs. For these reasons, we urge you to take steps as soon as possible to equip all your new models (autos and pickups especially) with reserve gasoline tanks. We feel this is a cheap price to pay to save lives.

THE SOLUTION TO POLITICAL AND ECONOMIC CRISIS IN AMERICA

By

[REDACTED]

San Francisco, California

We are presently organizing a peaceful non violent drive to urge our federal officials to immediately pass legislation that will prohibit filibustering, in the United States Congress. We feel that filibustering is an ancient weapon that is used only to handicap social freedom and bankrupt justice. We are also urging our federal state and local officials to introduce legislation with the following effect.

We earnestly urge our lawmakers at the state and national level to introduce legislature that will put a reasonable, yet adequate limit on the amount of revenue a candidate may spend to run for a particular office. For example, if a candidate is running for the presidency, the limit could be uniformed. If a candidate is running for state or local office, the limit could vary from state to state and city to city. The limited amount each candidate may spend to run for a particular office could be based on the average amount the successful candidate spent in the two previous elections. Candidates should continue to be required to keep accurate records of their expenditures and a candidate who spends over the limit should be automatically disqualified. There also should be a modification clause so the limit could be modified as needed to keep pace with the rising cost of living. Most important, if we the tax payers can pay our elected officials salary while they are in office, why can't

we pay for their campaign expenses? For federal elected officials, the funds should be drawn from the federal treasury. The funds for state and local officials campaigning, should be drawn from the state and local treasury. This could be on a winner take all basis, where only the successful candidate would be reimbursed for his or her campaign expenses. This method alone would automatically bring better commitments and more sincerity to politics by both incumbents and newcomers. We believe this method would be just as fair as the present one, where the loser of an election is not reimbursed for his campaign expenses.

In 1972 Senator McGovern did not get reimbursed for his campaign expenses, neither did Richard Nixon, yet we feel that he should have been. In our opinion there should be no advance payments made by the people to candidates seeking public office. There are none made at present, but the same methods used now to acquire funds to run for public office could continue to be used. The funds for a candidates campaign could be borrowed, raised, given, or self financed. This would prevent everybody in a major county from running for mayor of the city. The losing candidate would continue to take a tax deduction for his or her personal losses.

We are furnishing people with the names and addresses of the politicians who represent them in their particular area at all levels of government. We are urging them to write to their congressmen and apply public pressure to get the Internal Revenue Service to modify their laws. This will close some of the loopholes that are designed for use by big business. We are urging our congressmen to utilize

their skills and abilities, to draw up new anti-trust laws that will prevent large corporations from making windfall profits to be used to create monopolies. There use to be an old cliché, "you can't fight city hall," but now there is a new one which has become more popular, "we can't communicate with big business." Big business has taken control of the economy and the government in america. The only defense is public pressure on elected officials. We urge everyone to write to an elected official and express themselves.

The President. We believe the presidential election of 1972 will long be remembered as the biggest sell out. The purpose of enabling candidates to pay their bills with cash instead of favors, is merely one reason we the people should pay for our elected officials campaign expenses. We are opposed to impeachment, but believe the presidents (Mr. Nixon's) mistakes are as much the fault of the people as his own. After all we did elect him, and most of us realize that running for dog catcher is too expensive for any one of us to afford. If a candidate did not receive funds from big business, where else could he get the money needed for campaign expenses? With this system, we force many honest politicians to obligate themselves to the greedy and become totally uncommitted to the needy. Although, we are opposed to the impeachment of the president, we feel that if congress is compelled, why not proceed in a more efficient manner. Perhaps the president could do a better job without the added pressures of possible impeachment. Regardless to what is said or done, there are two things the american people can be grateful to Mr. Nixon for, one is he opened the eyes of many middle class whites, blacks,

yellows, and browns, to the fact that our present political system is corrupt from the top down. One of the most disturbing things about this awakening, is that our nation being noted as world leaders in categories of intelligence and sophistication, had to withstand such a mighty blow to accomplish this feat. This second achievement might sound humorous in context, but definitely not so in fact. It was not only made possible, but made mandatory for every american to live in a more expensive neighborhood without having to move. The new motto must be, you can improve living standards by raising the cost of living.

The American People. We are notoriously known for building a dam after a flood has destroyed our homes and belongings. We have witnessed the flood of corrupt politics. It is time we get on with the building. We can no longer afford to turn our heads on national problems and hope they will disappear. We must realize that as long as the government which represents the people is controlled by monopolized business, there will continue to be crises. Learning how not to correct a mistake by making another, is why it is important to up date our political system, and modify our Internal Revenue Service, and anti-trust laws. Wheather in fact or fantasy, the american people have made adjustment after adjustment, to one crises after another, from the war to a shortage of toilet paper. We believe this is the right point in time to tighten the reins on big business. In all economic crises the poor always suffer the most. Now we are at the stage where the middle class citizens feel the bite, not just a pinch. If the large corporations would pay their fair share of the taxes, the tax burdens wouldn't be so heavy on the

consumers. Big business is happy to have so many eyes focused on Watergate, that way no one will see them laughing all the way to The World Bank in Switzerland with record breaking profits.

Energy. We do not believe the energy crises in this country is as serious as the giant oil companies say. We investigated the beef shortage last summer, and found it to be false. We investigated the increased prices of dairy products and found that fifty per cent of the increase charged to consumers could not be justified as an increase in operating cost. The energy crises serves many purposes for big business. One, it tightens the control on the american people, by taking away some of our long cherished priviledges. Traveling and sports are especially effected. Two, by staging a shortage of fuel, most small gas and oil dealers have been forced to close their doors. This helps the large companies create a monopoly faster and easier.

A few decades ago, food, clothing, and shelter were the most vital necessities of life. Now that we have become an industrialize nation, energy has taken over the number one spot. We need energy to cultivate the soil, to harvest the produce, and to transport it to and around the cities. This is why there should be more government control over the petrolcum industry. Contact has been made with several major oil companies, in an effort to determine how long we can expect the energy shortage to threaten us. Our findings so far have been, they don't know, or they are not telling. This lesson of doing what is right and fair, and what is wrong and dishonest has one thing in common. They are both habit forming. If monopolies in business continue to dominate government, by 1976 we will not be sur-

aised to see Mr. Ford running for president, with General Motors, for vice president on the republican ticket, and Exxon for president, with Mr. Standard for vice president on the democratic ticket. In essence this situation already exist.

Europe. We have learned through our european media exchange, that the warm and friendly welcome americans once received from europeans is something of the pass. Many europeans feel that the latest crises in the middle east which provoked the oil embargo by the arab nations, was willfully instigated by the americans, in an effort to strengthen the dollar on the foreign market. They say america was effected by the arab oil embargo, but not nearly as much as the europeans. Whether their accusations are correct or not, the last confrontation between israel and egypt cost america more friends in europe than she gained in the middle east.

PROPOSAL
OF
CONCERNED CITIZENS FOR SOCIAL DEVELOPMENT

Objectives

The general purpose and powers of this corporation is to exercise all rights and powers conferred on nonprofit corporations under the laws of the State of California and the Federal Government.

Concerned Citizens for Social Development (C.C.S.D.) has been formed to educate poor people as to what can be done to better our own lot. We are striving to encourage people through knowledge, to come with us to the political arena, rather than go to the callous world of rioting and looting. We plan to inform the people in the ghetto of who their political representatives are in their particular districts, and to provide them with the necessary information and knowledge for corresponding purposes, at national, state, and local levels. Our purpose is to further educate poor minorities on how petitions should be filed, and the procedures for getting propositions, that best benefit the poor placed on the voting ballot. We wish to teach other poverty stricken people how certain proposed propositions, amendments, and laws will effect them as poor people. We encourage other poor people to become actively involved in all forms of government. From the P.T.A. meetings, to the presidential election. We encourage voting by all on all issues. We educate people of the possible consequences harsh drugs can bring, and discourage their usage.

Poor people are involved in the planning of the project by selecting board members to represent them in their particular district. Other poor people are involved in the implementing of the project through open meetings, held weekly in a cross section of eight poverty stricken communities. We listen to the needs and grievances of the people. We then endeavor to explain the most tranquil way to resolve our problems.

We are not a denominated, religious, militant, political, or racist group. We are a group of people with combined efforts to make this world a better place to live in. The staff is responsible for gathering and presenting factual needs and grievances of poor people to the board of directors. The directors are responsible for planning the best means of solving the grievances and meeting each particular need.

ary:

Surprisingly as it may seem, we find at meetings as well as from experiences in the field, there are numerous people who do not know their congressman's name not to mention how one should go about corresponding with him or her.

We conducted a recent survey of four major cities, of which rioting and violence occurred in the ghetto areas, and found that eighty-five per cent of those arrested were eighteen years of age or older. The vast majority were young adults (voting age) who can participate in policy making decisions and aren't teenagers as the news media might lead many to believe. We interviewed frustrated young adults, with problems they are unable to find any solution to. Perhaps, these frustrations emerge and become more apparent when people around them suddenly and unawaring seem to be in the spotlight of success, and the poor receive none of the things they want or need to fulfill their lives.

We hold meetings in various poverty stricken communities throughout California. We speak at various churches of all faiths that will allow us to do so. We are dealing primarily with poor people. Therefore, all donations will be appreciated. To join the organization, we ask a fee of \$2.00 annually per person. We plan to narrow the social gap between the extremely poor and the rest of our society. We wish to make a giant step in the right direction to help bring enlightenment to as many poor and underprivileged as possible.

1. Concerned Citizens For Social Development (CCSD) has been formed to educate poor people regarding governmental social functions. The intent is to create self-help information pockets in poverty communities to broadcast, to educate, and involve the poor regarding decision making on community, municipal, county state, and national levels. As for example, how officials are elected, how to help officials function in their duties, how decisions are made, equities balanced, and priorities assigned. The objective is to make poverty citizen more responsive and less apathetic in government affairs. The goal is to create understanding of present systems and foster thought in democratic social improvement.

Concerned Citizens For Social Development is a new organization created by the directors which has for a long time seen that "gift" are resented by the recipients, and that education is a major means of developing social stability and understanding, and self non-violent help. The organization intends to act as a sounding board for grievances in the microcosm and aid in solving them.

B. Activities

1. The organization has and will engage and sponsor activities that are pertinent to the purpose described above. In specific detail this includes exercising the rights and powers conferred on non-profit corporations under the laws of the State of California and the Federal Government. This also includes conducting open meetings weekly, in a cross section of poverty stricken communities throughout the State of California, and listening to factual needs and grievances of poor and underprivileged people. We will endeavor to explain in the most tranquil way how to resolve our problems.

C. Funding

1. We have no funding to date, other than an indirect commitment for a grant from the Campaign for Human Development Committee. The exact amount is dependent on funds made available by (C.H.D.) for the purpose and cause described in the attached proposal. All other funds will come from membership fees and charity donations.

Specimens received 3-14-74, from SAC, New York:

Q138 Manila envelope bearing typewritten address "MR. HARRY REASONI C.O. A.B.C. NEWS, NEW YORK, N.Y. 10000" with accompanying carbon copy of one page typewritten letter beginning "PATRICIA HEARST IS SAFE ..." and photocopies of twelve pages of literature on Concerned Citizens for Social Development, San Francisco, California, including photocopy of a paper by Roland L. Hayes

Q139 Manila envelope bearing typewritten address "MR. JOHN CHANCELLOR, N.B.C. NEWS, C.O.N.B.C., NEW YORK N.Y. 10000" with accompanying carbon copy of one page typewritten letter beginning "PATRICIA HEARST IS SAFE ..." and photocopies of eleven pages of literature on Concerned Citizens for Social Development, San Francisco, California, including photocopy of a paper by Roland L. Hayes

Q140 Manila envelope bearing typewritten address "MR. WALTER CRONKIKE, C.O.C.B.S. NEW, NEW YORK, N.Y. 10000" with accompanying one page typewritten letter beginning "PATRICIA HEARST IS SAFE ..." and photocopies of twelve pages of literature on Concerned Citizens for Social Development, San Francisco, California, including photocopy of a paper by Roland L. Hayes

Specimen received 3-18-74, from SAC, Washington Field Office:

Q141 Manila envelope bearing typewritten address label "MR. HOWARD K. SMITH, C.O. A.B.C. NEWS, WASHINGTON, D.C." with accompanying original one page typewritten letter beginning "PATRICIA HEARST IS SAFE ..." and photocopies of twelve pages of literature concerning "Concerned Citizens for Social Development, San Francisco, California", including photocopy of a paper by Roland L. Hayes

Result of examination:

Q138 through Q141 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriting on the submitted manila envelopes and letters signed "S.L.A." is a similar spacing and type style to the typewriting on Q41 through Q44, previously submitted; although, due to the limited amount of comparable typewriting and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter.

However, some possible style differences were observed in comparing the typewriting on Q41 through Q44 with the typewriting on the currently submitted items referred to above.

The conclusion was reached that the typewriting on the submitted items was not prepared by any of the typewriters used to prepare other items submitted in this case, the typewriting on items submitted in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or typewriting on items submitted in the case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM."

The typewriting on the submitted manila envelopes and letters signed "S.L.A." most closely corresponds to Laboratory standards for a Setag pica style of type, spaced 250 millimeters per one hundred characters, used on Singer portable typewriters. Similar Setag type styles are used on typewriters manufactured under brand names including Calada, Hermes, Japy, Princess and Royal.

The typewriting on the photocopies of literature contained in Q138 through Q141 corresponds to Laboratory standards for a pica style of type, spaced ten characters per horizontal inch used on Underwood and Olivetti typewriters.

The Q138 through Q141 items bear no watermarks, indented writing of significance or other characteristics to aid in definitely determining their source. The eight cent U.S. Postal Service stamps, affixed to the submitted manila envelopes, were torn from a booklet or booklets of stamps.

Q138 through Q141, which have been photographed, are being returned separately to the contributing offices.

Envelope Postmarked Saint Johnsbury, Vt. AM
Mar 7 1974, addressed to SA [REDACTED] FBI,
Boston, Mass., with Anonymous Letter Q142 - Q144

Senior Exhibition, Glassboro State College Card - Q145

Envelope Postmarked Saint Johnsbury, Vt. PM
Mar 4 1974, addressed to Mr. [REDACTED] FBI,
Boston, Mass., with Anonymous Letter Q150

Dear Mr. [redacted]

Nobody showed up, which means I either missed connection or you took it to be one of the many out let the FBI has probably received. In a sense, I'm glad relieved because I really don't want to be involved. I'm sorry for the melodrama in that other letter - the whole game had begun to dawn on me, and I was in shock so I began to understand. This letter, my last, it takes it off my conscience that I didn't warn you and try to help. I hope that you believe this, and take it at face value. I'm going to hand you the Hearst kidnappers to you on a platter. Here

The ringleader's name is [redacted] I don't know where she is now, but the last I heard a year ago her address was [redacted] in [redacted]

[redacted] She supposedly was attending University of California, Berkeley, and California School of Arts & Crafts, Oakland. She originally came from Cincinnati, Ohio.

Superficially she is living a normal life. If she has a criminal record, I don't

she is the one of a gang! she has the telephone
lot to direct them. The ones I've encountered are
similar to her in that they too are leading "normal"
They, like her, in reality are vicious and highly intelligent.
Some of them operate in different states. I'm sending
a picture of one of them who may or may not have been
involved in the kidnapping. She's blond haired
and had a yellow station wagon registered in New Jersey.
I don't know where she is now.

Do you know why you haven't found the pictures
yet because they tricked you into looking for red.
Isn't it odd that they chose an occult sign for the
symbol? I recognized where they got the words "I
see". "Cinque", but it's not worth trying to explain.

[redacted] tried to murder me twice five years ago
very imaginative sabotage to my car to cause a deliberate
accident; it didn't work right either time. The second
time I caught her hoodlum in the act of doing it.
The attempts on my life were part of an incredibly
elaborate terror game with my mind. She was a blonde
after the girl I was in love with, and I was in the

~~_____~~ giggling both times at her "trick" on me there was no nervousness at all. I've often wondered since then if she ever tried to kill anyone else.

She has tried to harass me for the past five years, endless handgames; she's sent several of this gang after me. So far no one has been physically hurt for all this.

I don't have a TV nor do I read the papers very often. But I began to notice all the strange little touches & the kidnapping case. I kept thinking, to my imagination all those little games are identical to the ones she did me; and that's why she's got to be involved.

I don't know what you'll do with this letter. I just believed me enough to send one agent to watch. I know he'll sense something wrong going on.

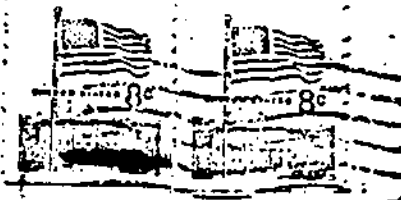

She is very shrewd at psyching out people. I'll warn you. I'd keep all agents at a distance. What you've got to get is that first telephone call.

85

Again, I'd like you to keep this confidential. I don't want to be involved.

P.S. Don't go barging in on her until you're certain it's time. The reason she's never been caught is that she smarts. Before she commits a crime, she figures it all out concerning alibi's and evidence. If she has an suspicion you're looking for her, or that she's being watched, my guess is that she'll freeze, and won't communicate with the others. If you just arrest her for questioning, I doubt if you'll get anything.

What I've given you is based on a long shot but it's so powerful that I know I'm right. Every tiny little "touch" to the kidnapping fits exactly. I just recognized her "style"; it's part of her arrogance as a gameplayer I think. I've no idea what the real side you'll find, where they are, how many are involved, and what they're doing. I just hope you believe it and act on this. Good luck.

The Symbionese Liberation Army isn't a radical political group; it's a disguise for something similar to Charles Manson and his family. I know the ring leader and some of the members. The ring leader is living a double life, a pretty 26 year old girl who is a part time student in Berkeley, a "jet-setter." She is mean as a snake, a compulsive psychopath. She believes she is a reincarnated witch, and has since childhood.

They tried to assassinate me twice in 1969 for some rather strange reasons. The second time in Berkeley I got run through something very similar to the murder of Martin Luther King. They didn't "get" me, I "got" them. I didn't hurt them, but I made such asses out of them that for the past five years they've been trying to get revenge because of what I did to them. They're still out there in the underground.

Just recently it's the same group, and I know how to catch them.

What I want to talk about is going to take
least several hours. Could you pick me up in
Johnsbury, Vermont very quietly and discreetly
if you have an office nearby, like in Montpelier
it would be more convenient to discuss this than
in Boston. If possible, you should have a psy-
chiatrist who specializes in compulsive psychopaths
present to help translate.

I don't have transportation to get to you, and as
St. Johnsbury is a small town, I don't want gossip -
what would happen if a carload of police drove up to
door. So, after you receive this, park an unmarked car
with a small red rag or flag on the radio antenna with
an agent inside on front of Peck's Hardware Store - or
on the block on that side of the street would be fine, I
the bank and the gas company. Try to be there in the
morning, preferably between 8 and 9 am. When I
spot it, I'll get in and we'll go for a talk.

What I'll tell you is going to lead to a
scandal; there are a lot of people involved. It's as
bizarre as the Manson business - as I said

An exchange for this information, I would like to ask a favor. I don't want to be known as the informant; if possible at the trial which this will lead to, that there even was an informer. My life has been disrupted enough trying to get rid of those people. If they ever found out it was me, if any of them ever get out of prison, I'll have them on my back for the rest of my life. Also, my involvement with them, and what I'll talk about, was extremely embarrassing; I don't want it ever to get into the media.

Coincidentally, don't change the theory the being publicized that the Symbionese Liberation Army is a functional, radical terrorist group. If you do, the conspirators will know something's wrong. They'll get much more cautious; it'll make catch them much more difficult.

Specimens received 3-18-74

- Q146 Photocopy of one page typewritten letter dated 11-28-73, beginning "We the waitresses of the G.E.U. ..."
- Q147 Photocopy of three-page typewritten letter dated 12-4-73, beginning "It is evident that the management ..."

- Q149 Photocopy of typewritten note beginning, "We, Kathleen Soliah and Angela Atwood, authorize ..." and signed "Angela Atwood" and Kathleen Soliah".

Result of examination:

The typewriting on Q147 is a similar size and type style to the questioned typewriting on Q20 through Q23 and Q32 through Q39 submitted in this case, Q16 and Q17 submitted in case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM" and Q28 and Q29 submitted in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM"; however, due to the indistinct nature of the available photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter.

The typewriting on Q148 and Q149 is a similar size and type style to the questioned typewriting on Q1 through Q4, Q6 through Q10, Q12 through Q20, Q22 through Q25, Q27, Q47, Q48, Q51, Q53 through Q57, and portions of Q49 and Q50 submitted in the SLA case; however, due to the

indistinct nature of the available photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter.

The typewriting on Q148 is a similar size and type style to the questioned typewriting on Q82 and Q83 submitted in this case; however, due to the indistinct nature of the photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter.

The conclusion was reached that the typewriting on Q146 through Q149 was not prepared by any of the typewriters used to prepare other questioned items submitted in this case, the SLA case or the ASGM case.

Q146 through Q149, which have been photographed, are being returned separately.

Latent Fingerprint Examination of
Articles Found in Volkswagon of GARY DEAN ATWOOD

FEDERAL BUREAU OF INVESTIGATION

Date March 7, 1974

[redacted] was approached at the California Department of Motor Vehicles office located on Claremont Boulevard as she was getting into a dark blue Volkswagen sedan bearing Indiana license [redacted]. She advised that she had just paid storage and towing fees at Pink's Garage, 5001 Grove, Oakland, California, and was registering the car in her name. [redacted] gave her date of birth as [redacted] and residence of [redacted] California. She stated that during the middle of January, 1974, she noticed that the Volkswagen had been abandoned in front of her home and several days later noticed that it had been red slipped by the police department indicating that it had been abandoned and would be towed in a few days. She stated that through a friend, who she did not name, a teletype was sent to the Department of Motor Vehicles in Indiana and it was determined through Indiana Department of Motor Vehicles that the registered owner was GARY DEAN ATWOOD. She stated that she then took the reply from the Indiana Department of Motor Vehicles to the California Department of Motor Vehicles located on Claremont and learned that GARY ATWOOD resided at an address in Berkeley which she has subsequently lost. However, she stated that when she got the address of GARY ATWOOD in Berkeley, she went to that address and was told by a female at that address that GARY ATWOOD had moved approximately six months prior. She stated that she then sent a letter to the address that she had for GARY ATWOOD in Indiana with a notation to forward. In the letter she was inquiring about buying the vehicle as it had been abandoned. She said she received a reply from HARVEY ATWOOD indicating that he was GARY's father and she subsequently made a collect call to HARVEY ATWOOD on approximately February 21, 1974. When she talked to Mr. ATWOOD, he advised that his son GARY and GARY's wife were presently separated and that he had given the car to GARY. He advised that when GARY and his wife separated, GARY let her have the car and evidently Mr. ATWOOD was angry about this. [redacted] made arrangements with Mr. ATWOOD to pay him \$50.00 if he would send the Assignment of Title to her. She advised that she received an Assignment of Title recently signed by GARY ATWOOD and that she went to

MEMORANDUM FOR MR. CALLAHAN
MR. JENKINS
MR. MILLER
MR. GEBHARDT
MR. MINTZ

RE: HEARNAP

On May 2, 1974, I discussed the reward proposal of Mr. Miller with the Attorney General and the Deputy Attorney General in Mr. Saxbe's office.

The comments made were:

1. Program appeared basically sound. Not in favor of ransom paid as would be result if were safe return proviso.
2. Mr. Silberman said he felt it advisable to get a written commitment on the reward to include amount, time span, where to be paid, et cetera, and to nail down particulars.
3. To make clear to all Agents and Hearst Foundation people particularly about the possibility of a shootout. The Hearst Foundation people to be informed Patricia Hearst may be killed.
4. Try to have our people use guns clearly identified as ours. Do not use the same type of guns as subjects if we can avoid this.

Very truly yours,

Later on this date, Mr. [REDACTED] was telephonically contacted at the radio station and he advised that he had had inquiries concerning the above taped conversation from Channel 11 TV in Houston and from the local Associated Press (AP) news reporter. He stated that the AP news reporter had indicated that their Dallas Office had been called by an unknown individual who claimed he had earlier telephonically contacted KTRH. He stated that as far as he knew, the station had had no further press inquiries concerning this matter and that the station was not going to air anything concerning this matter at this time. He also stated that a check with AP wire reflected that no information had been released by them concerning this matter.

Mr. [REDACTED] KTRH Radio station, 510 Lovett, Houston, Texas, furnished the following information:

He stated that the unknown individual whose call was taped by Mr. [REDACTED] mentioned that KTRH is a "talking" radio station. Mr. STEWART stated in a sense this is true; however, it was not news media language. He stated one interesting point is that the caller did contact KTRH and not any other radio stations in the area that he knows of, and he wants to point out the fact that KTRH has 50,000 watts of power and there is no other station in the Houston area that has over 5,000 watts of power. He stated to him this indicates that the individual knew which station to call for the best radio coverage.

Mr. [REDACTED] made available a cassette tape containing the conversation held between Mr. [REDACTED] and the unknown individual.

He stated that the radio station's main switchboard was not working and that the only two numbers available to the station at this time are 526-0414, which number was furnished to the unknown individual for him to make any calls on, and 526-6653.

Mr. [REDACTED] KTRH Radio Station, 510 Lovett, advised that he had failed to furnish to the FBI the first sentence made by the caller identifying himself as a member of the Symbionese Liberation Army.

He said that when he answered the telephone at the station yesterday, the caller said, "This is Captain Jagan (phonetic) of the Symbionese Liberation Army." [REDACTED] told him to wait a minute until he turned on their tape machine. He said the rest of the conversation was recorded. *Text*

the bank and then turned to leave, they were shot and seriously wounded, but will recover. Surveillance cameras activated and good identifiable photographs of robbers obtained. Robbers, who were in the bank about two minutes, after firing additional shots outside the bank, slightly wounding a witness, fled bank in a rental vehicle recovered ten blocks away. During robbery, a backup, or cover car, a rental vehicle, reportedly occupied by four white males with rifle, waited across the street from the bank and trailed the escape vehicle from the bank robbery scene. This backup unit abandoned same general area as getaway car. Suspected switch cars are two additional rental vehicles abandoned in underground garage approximately five miles from the area of the bank 30 minutes after the robbery. No information developed as to further direction or means of escape. The four rental vehicles obtained at downtown San Francisco car agencies by person (s) using stolen identification of JANET M. COOPER, during the period 4/11 - 14/74. Surveillance camera photographs, results of ballistics examination and statements of outside witnesses indicate that NANCY LING PERRY shot the two individuals in the bank, while DONALD DAVID DE FREEZE, fired the shots outside the bank. Ballistics examination identified weapons fired at bank robbery scene as also having been fired at the scene of the PATRICIA HEARST kidnaping in Berkeley, California, 2/4/74. Transcription of tape from the Symbionese Liberation Army (SLA) in which DONALD DAVID DE FREEZE and PATRICIA HEARST are the suspected speakers, acknowledges their involvement in the 4/15/74 bank robbery. On 4/15/74, armed bank robbery warrants issued for PERRY, HALL, SOLTYSIK, and a material witness warrant for HEARST. On 4/16/74, armed bank robbery warrant issued for DE FREEZE. Details of robbery, information furnished by outside witnesses concerning getaway, information concerning rental vehicles, as well as details of review of surveillance camera photographs, Laboratory examination, details of process, physical description of subjects and surveillance camera photographs depicting them set out. I. PREDICATION

Investigation in this case was initiated upon a San Francisco Police Department radio broadcast monitored by the radio operator of the San Francisco office of the FBI at approximately 9:45 a.m. on April 15, 1974, reporting a robbery alarm at The Hibernia Bank, Sunset Office, 22nd and Noriega Street. At about 9:50 a.m. when the alarm was confirmed as an actual robbery and throughout the remainder of the day and into the evening, at least 120 Bureau Agents backed up by at least 50 San Francisco Police Department Inspectors and uniformed officers conducted investigation relating to this bank robbery. For the sake of brevity the identities of the Bureau personnel involved are being omitted from this report.

II. DESCRIPTION OF BANK

The Sunset Office of The Hibernia Bank, San Francisco, is located at 1450 Noriega Street which is the northeast corner of 22nd and Noriega. The branch has telephone numbers 565-7060 (Information), 565-7062 (Checking and Savings Accounts), and 565-7065 (Loan Department). The Sunset Office is located in what is basically a one story building which appears to have been constructed for banking purposes. The office has one entrance which is located on Noriega Street a few steps east of the intersection of 22nd Avenue. The office also has an employees' entrance which is located on the back side of the building. As one enters the branch it is noted that the branch runs basically in an east-west direction. On the immediate left as one enters the branch is a partitioned area which is the location of the Manager's desk. Continuing a few steps further into the office, it is observed that the Safety Deposit Vault teller is on the left or near the west wall of the office. In this same area is a conference room and located toward the back or in the northwest corner of the building is a walk-in vault with safety deposit boxes.

As one looks to his right or toward the east as you enter the office it is observed that the tellers windows, numbering eight, are located along the north side behind which is the tellers work area. Located in the northeast corner of the office is the drive-up tellers window. Along the south wall of the office is the officers platform and in the middle is the customers area which is the location of three service counters.

The building has a mezzanine or second floor area located only above the northwest corner. Located on this second floor is the furnace room, the womens and mens restrooms, an employees' lounge, the supply room, and a second vault which serves as a records vault.

The Sunset Office has a parking lot which is entered through a driveway on Noriega Street and the exit from which is located on 22nd Avenue. The parking lot entrance and exit is utilized in connection with conducting business at the drive-up tellers window.

The Hibernia Bank, 22nd and Noriega Street, is located in the heart of a middle class San Francisco residential district. The residents of the area are mainly whites and locates along Noriega Street are many small businesses such as bars, grocery stores, real estate firms, and lumber yards which service the surrounding residential area.

At the time the robbery occurred on April 15, 1974, there was a minimal amount of pedestrian and vehicle traffic in the area of the bank. The bank had only recently commenced opening at 9:00 a.m. and most of the customers were not yet aware of the new hours and there were only three or four customers in the bank at the time of the robbery.

III. MODUS OPERANDI

At approximately 9:43 a.m., on April 15, 1974, four white females and a Negro male armed with four .30 caliber carbines and a .38 revolver, who now have been identified as NANCY LING PERRY, white female, date of birth September 18, 1947; FBI Number 313 206 L1; CAMILLA CHRISTINE HALL, white female, date of birth March 24, 1945, FBI Number 313 207 J9; PATRICIA MICHELLE SOLTYSIK, white female, date of birth May 17, 1950, FBI Number 313 208 L6; PATRICIA CAMPBELL HEARST, white female, date of birth February 20, 1954; and DONALD DAVID DE FREEZE, Negro male adult, date of birth November 16, 1943, FBI Number 606 723 D, entered FDIC insured Sunset Office, The Hibernia Bank, 22nd and Noriega Street, San Francisco.

As robbers took strategic positions in the bank lobby, the robbery was announced "This is a holdup (or robbery). Everybody get down on the floor." Other witnesses report "Hit the floor and you won't get hurt." Other statements made during the robbery were "We're the SLA", "This is TANIA HEARST of the SLA", or "This is TANIA HEARST" or "I'm TANIA". The Negro male, as the robbery progressed, was heard to be counting "91 - 93" and the statement was made "Let's get out of here". As four of the robbers controlled the customers and employees, the fifth vaulted the teller's counter near the west end of the bank and removed currency and property valued at \$10,692.51, including \$200.00 in bait bills, from the tellers windows of [REDACTED]. When two customers started into the bank and then turned to leave, they were shot and seriously wounded, but will recover. Surveillance cameras activated and good identifiable photographs of robbers obtained. Robbers, who were in the bank about two minutes, after firing additional shots outside the bank, slightly wounding a witness, fled bank in a rental vehicle recovered ten blocks away.

During robbery, a back-up or cover car, a rental vehicle, reportedly occupied by four white males with rifle, waited across the street from the bank and trailed the escape vehicle from the bank robbery scene. This back-up unit abandoned same general area as getaway car. IV. ALARM SYSTEM

[REDACTED]

[REDACTED], advised that the robbery alarm was received at 9:43 a.m. The alarm was then telephoned on a hot line to the Communications Room of the San Francisco Police Department.

In connection with the robbery of April 15, 1974, the robbery alarm was activated by ~~Edward P. EHLA~~, Assistant Vice President, The Hibernia Bank, and the manager of the Sunset Office. As the robbery was occurring he heard the disturbance in the bank from his location in the mezzanine area, looked through a two-way mirror, observed persons in the bank with what he thought were "machine guns". He thereafter pressed the push button alarm and concealed himself.

The alarm system is wired to surveillance cameras, both of which are located above the only entrance to the Sunset Office. These cameras functioned properly and good quality photographs of the five bank robbers who entered the bank were obtained.

The Hibernia Bank, Sunset Office, retains a private guard service through The Young Patrol. The guard, ~~Edward P. EHLA~~, was immediately controlled by the bank robbers, relieved of his loaded .38 caliber revolver, and forced with customers and employees to lie on the floor.

VI. INTERVIEW OF VICTIM TELLERS

Date of transcription 4/16/74

[redacted] San Francisco, California, was interviewed at the Hibernia Bank, Sunset Branch, 1450 Noriega, San Francisco, California. [redacted] was advised of the identity of the interviewing Agent and that she was to be interviewed concerning her knowledge of the bank robbery that had occurred at the above bank on April 15, 1974.

[redacted] stated that she is employed at the above bank as a teller and that she is assigned to the number two cage. She advised that while working at her teller's window on the morning of April 15, 1974, at approximately 9:30 a.m. she saw three individuals walk into the bank. She stated that these individuals all appeared to be of medium height and she could not determine the sex or race of any of these individuals, although they appeared to be wearing parka-type jackets which appeared to be furry.

[redacted] stated that one of the individuals went to the teller number one's cage where this individual stood holding what appeared to [redacted] to be a submachine gun or shotgun.

She said that this individual was wearing either a black or brown knit cap and she could not tell whether this individual was male or female. [redacted] said that she heard one of the individuals say words to the effect, "Hit the floor." She stated at that point she dropped to the floor.

[redacted] said that one of the individuals came behind the tellers windows and [redacted] was unable to determine whether this individual was male or female as she was lying on the floor and only heard a deep voice demanding, "Where's the money? Where's the money?"

[redacted] said at that point she heard noises as it appeared that this individual was searching the cash drawers at the tellers cages.

[redacted] said the next thing she heard was an individual, possibly a woman, asking her, "Do you have any

keys", which [redacted] understood to mean the keys for the cash drawers. [redacted] said she told the individual that the keys were in the righthand drawer and she next heard rattling noises. [redacted] also recalled that this individual had told her to move and kicked her at which point [redacted] did move away from the individual without looking up.

[redacted] said that she continued to lie on the floor until she heard someone in the bank say that the robbers had left.

[redacted] was interviewed and provided the following information:

She is teller #2 and operates window #2 which is the second window from the west end of the bank. She was working at this window during the morning of April 15, 1974, when the below described events occurred.

[redacted] said that she first became aware that something was amiss when she heard what she took to be two or three voices yelling. It was her impression that one of these voices was possibly male and that there were perhaps one or two female voices.

[redacted] said that she thinks she heard one of the voices yell, "SLA" and that she looked toward the door and saw a gun pointing up in the air. She said that her position behind the counter prevented her from seeing who was holding this gun, and that at about the same time she became aware of movement to her left toward the middle of the bank lobby. She is uncertain if the movement was by customers or by other robbers, but it was her impression that at least two persons were moving in this area.

[redacted] said that at about this time a voice yelled, "Stay on the floor" several times and at this time she lay down behind the tellers counter, being parallel to the lobby and facing east. [redacted] said that this latter voice sounded like it was coming from behind her in the tellers area and that she could hear what sounded like tellers drawers being opened. She said that this voice may have been female.

[redacted] said that she heard what she took to be the same female voice say, "Where are your keys?" She said that she started to get up but was ordered by this person to stay on the floor. She said that she then told this person that the keys were in the right hand drawer at her

Window and that she then heard what sounded like a drawer being opened. This voice then asked if this was the "master key" and she said no.

At this point, she was told to move and was kicked lightly in the right rib cage area. She moved as directed and then heard rummaging which she thought related to her cash box.

Shortly thereafter, she heard one loud noise which she thought was probably a gun shot. She can also recall that at sometime during the robbery someone yelled, "SLA" but she is not sure exactly when this occurred.

██████████ said that approximately \$6,000 was taken from her cash drawer, which included \$100 in bait money. In addition, her keys were taken by the robbers, these being three keys on a circular key ring and a small metal tag with the designation 2. One key was made by Shaw Walker, Muskegon, Michigan, with the designation, "made in USA for Yale, Eaton, Yale and Towne, Inc," on the reverse side. A second key was made by Chicago Lock, Chicago, Illinois, and the third by Eagle Lock Company, Terryville, Connecticut. All of these keys related to her cash drawer and/or a truck where her money is stored when not in use.

██████████ said that the gun which she observed at the beginning of the robbery appeared to be a short machine gun. It was dark in color.

It was her impression that the only male sounding voice which she heard came from the lobby of the bank and that at least one female sounding voice came from behind the counter. She, at no time, saw the persons doing the speaking.

[redacted] at the Hibernia Bank, 1450 Noriega Street, was interviewed following the robbery of that bank. She advised that she resides at [redacted] California, her home telephone number is [redacted]. [redacted] stated that she is a [redacted] at the Hibernia Bank and has been working there for approximately two months. She recalled the events of the robbery as follows:

At approximately 9:50 a.m. she was sitting in a chair behind the teller number one window which was where she was assigned. That position is at the extreme east end of the bank, next to the drive-up window position. She noticed two individuals enter the bank and walk to the middle customer service counter. These two individuals were facing toward the row of teller's windows. She described the two people as follows:

Number one, White female wearing heavy make up, prominent nose, and a brown wig. This person was wearing a gray car coat and had her hands in her pockets.

Person number two, a White female, fairly attractive, wearing little make up and a short wig. This second person was shorter than person number one.

[redacted] stated that when these two women first entered the bank they were almost marching and initially she thought that they were homosexuals dressed as women. Consequently, she stared at them for several seconds as they stood behind the customer service counter. She then noticed several individuals come through the doors of the bank and saw that these individuals were holding guns. She recalls being told to go to the rear of the bank and lie on the floor which she did.

[REDACTED] noted, however, the facial features of HALL were the same of both the photograph and the number one person above.

She was unable to positively identify the second female who had been with HALL. She could not identify the other individuals who had entered the bank with weapons displayed.

During the time she was lying on the floor in the back of the bank, [REDACTED] heard several voices, both female and male. She recalled hearing a questioning female voice saying wheres the keys two or more times. This voice was loud and panicky and probably that of a female. [REDACTED] heard further noises such as the opening of drawers and then several shots followed by the noise of people running and finally the voice of [REDACTED] saying that it was okay to get up.

[redacted] at the Hibernia Bank, 1450 Noriega Street, San Francisco, was reinterviewed following the robbery of that institution. [redacted] confirmed that she resides at [redacted].

[redacted] She has been working at that branch of the Hibernia Bank as a [redacted] for approximately two months. She stated that she has been working as a teller for about four weeks. She recalled the events of the robbery as follows:

At 9:50 a.m. (she recalled having just looked at the wall clock) two people walked into the bank and went directly behind the middle customer service counter, facing towards the row of teller's windows. [redacted] was seated at teller window number one. She paid particular attention to these two people as they had walked in together touching arm and arm and what seemed to be marching in step with each other. She paid particular attention to these two individuals because she felt they were two homosexuals dressed as women. Her immediate action was there was going to be trouble and she was tempted to press the alarm button.

She continued to watch these two individuals as they walked behind the customer service counter. She described the two people as follows:

Number one person, White female, wearing heavy make up and a dark brown wig. This woman had a prominent nose and other facial features which stood out in her mind. This woman was wearing a gray knee length coat. She was not carrying a purse and she had both hands in her coat pockets, apparently holding the front of the coat shut.

The number two individual was described as a White female, shorter than person number one, also wearing a dark colored wig but much shorter. She was not wearing as much make up as the first woman and had a pretty face. This female was also wearing a dark colored top coat, was not carrying a purse, and had both hands in her coat pockets.

apparently holding her coat closed.

[REDACTED] said that when the two women were behind the customer service counter they stood there for approximately 10 to 15 seconds during which time the first female smiled and stared at the tellers, particularly [REDACTED] stared back at the two women realizing that they were in fact women, heavily made up. As she was staring at these two women, she noticed out of the corner of her eye several individuals come through the front door of the bank. She noticed that these individuals were carrying guns and recalls someone shouting, she thinks a male voice, "Get down on the floor in the bank," or words to that effect. She immediately got off of her teller stool went to the rear of the bank and laid down on the floor. At no time did she see the two women described above produce guns. She noted, however, that there is a partition below the customer service counter which would prevent her from seeing anything there.

She advised that she got off her stool leaving her keys to her cash and coin drawers in the coin drawer. As her window had been open for business, both the cash and the coin drawers were unlocked and readily available. She noted that following the robbery an audit disclosed that no money had been taken from her position.

She went immediately to the rear of the bank and laid down on the floor. While lying there she heard people shouting, again she feels it was a mans voice who repeated several times the command for people to go to the rear of the bank and lie on the floor. She then recalls a very loud panicky woman's voice seemingly much closer than the man's voice (as if the woman was behind the tellers counter) saying, "Wheres the keys? Wheres the keys?" or words to that effect. She felt that this voice was talking to [REDACTED] another teller who apparently had locked her cash drawer.

She then heard the opening and closing of drawers which she assumed to be the cash drawers. She then heard a shot followed by a second shot which came from the direction of the front door. She then heard another voice and she thinks it was a male voice but was fairly high pitched, shouting something about, "We're the SLA." Following those words she

JBI/ead

heard a woman's voice which was quite weak and not near as emphatic and excited as the previous woman's voice, making a statement to the effect "I'm Tanya". She recalled that this voice was so low she could not hear the end of the statement. Following that voice she heard the sound of people running and then quiet. After a short period of time she heard [REDACTED] of the bank, [REDACTED], say that it was alright to get up off the floor.

[REDACTED] was displayed copies of the bank surveillance photographs taken during the bank robbery and she immediately identified two of the females who had initially entered the bank as described above. She positively identified the photograph of CAMILLA CHRISTINE HALL as being the person described above as person number one and tentatively identified a photograph of NANCY LING PERRY as the person described above as female number two. [REDACTED] based her identification of CAMILLA HALL on the facial characteristics of HALL and remembered the wig and clothing worn by HALL as displayed in the surveillance photograph.

As she tentatively identified NANCY LING PERRY, based upon her facial characteristics and short hair, and clothing as shown in the bank surveillance photograph; she again stated that she was positive that the person wearing the longer wig was CAMILLA HALL, because she had stared at CAMILLA HALL for a short period of time, described above, and HALL had returned her stare.

[REDACTED] could recall nothing further concerning the bank robbery.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 4/16/74

[REDACTED] was contacted at her place of employment, the Hibernia Bank, Sunset Branch, 22nd and Noriega Street, San Francisco, by Special Agents [REDACTED] and [REDACTED]. [REDACTED] furnished the following information concerning the armed robbery of the above mentioned Hibernia bank on April 15, 1974.

[REDACTED] advised that she is employed at the bank as a teller. On the morning of April 15, 1974, at approximately 9:40 to 9:45 a.m. she was working in tellers cage number 6 tabulating bank savings cards. She was concentrating on this job and in the process of tabulating the cards, was looking down at them. She first looked up when she heard a female voice to her left yell, "Stand back and get on the floor." Upon hearing this, she looked in the direction of the yell and noticed a white female who was holding a rifle which was pointed in the general direction of the drive-in tellers window. [REDACTED] could observe this individual from approximately the waist up. Upon seeing the rifle and hearing the command "get on the floor" previously given by the female, [REDACTED] ducked down and crawled behind the file cabinets in the rear of her tellers cage area.

In the ensuing activity, [REDACTED] advised that she was primarily occupied with an older female teller next to her named [REDACTED] (Last Name Unknown) who was getting upset about the bank robbery. [REDACTED] can remember hearing commands which were issued by female sounding voices, but can only specifically remember a female voice near the entrance of the bank yelling about some keys that she was unable to find. Other than that, [REDACTED] merely remembers the shuffling of feet behind the tellers cage area, but she can not remember hearing any of the robbers or other persons using any names or letters SLA.

Approximately two minutes after she ducked to the floor, [REDACTED] heard three or four shots fired in rapid succession which sounded like they came from inside the bank near the front door. At this time she could still hear the shuffling of feet in the tellers cage area. She heard a second series of shots a few minutes after the first

series with the second series of shots also being three or four shots in rapid succession, after which she heard the sound of breaking glass as if it were falling to the floor. She suspected that these were glass doors or windows in the front area of the bank as she and the other tellers were quite close to the rear windows of the bank. Very shortly thereafter she did not hear any more shuffling of feet and assumed that the robbers had left the bank.

Thereafter she heard a male voice stated that "it was okay to get up." She got up slowly as she was not certain as to who was issuing this command. [REDACTED] estimated that the entire robbery took no more than 10 minutes. [REDACTED] advised that she could supply no descriptive information concerning any of the other robbers as she did not see these individuals and none of the robbers came as far as her teller's cage during the time that she heard the shuffling of feet in the tellers cage area.

[REDACTED] described the female individual with the gun that she observed as follows:

Sex:	Female
Race:	White
Age:	Late 20s
Height:	5 feet 6 to 7 inches
Weight:	[REDACTED] had no estimate concerning the female's weight
Build:	[REDACTED] guessed from the female's race that she was of medium build
Facial characteristics:	Boney face with bold and dark complexion
Hair:	Dark brown which [REDACTED] thought was probably a wig because of its short, shaggy look and the fact that the female's hair was flat on top; [REDACTED] described the hair as short in back, coming to the nape of the neck of the female
Eyebrows:	Dark and thick
Make-up:	[REDACTED] advised that if the girl wore any make-up it was very basic as her face looked quite plain in appearance.
Clothing:	Dark in color with no glasses or jewelry noticeable.

Weapon:

[redacted] described the female's weapon as a short-barreled rifle dark brown in color, which was tucked under the female's left arm with the female's right hand under the rifle barrel.

[redacted] stated that she does not remember seeing this individual before. [redacted] advised that she arrived at work at approximately 8:20 a.m. on April 15, 1974, and noticed no unusual activity or people in the vicinity of the bank.

[redacted] expressed surprise that the bank was robbed at approximately 9:40 a.m. as this branch of the Hibernia Bank just recently changed its opening hour from 10:00 to 9:00 a.m.

[redacted] was advised of the identity of the interviewing Agent and that she was to be interviewed concerning her knowledge of the bank robbery that had occurred at the above bank on April 15, 1974.

[redacted] stated that she is employed at the above bank as a teller where she is assigned to teller's cage number 5. She advised that while working at her teller's cage on the morning of April 15, 1974, at approximately 9:30 to 9:45 a.m. she heard two women yelling back and forth inside the bank. She stated she did not observe any of the individuals in the bank and that when someone had said, "Hit the floor," she had dropped to the floor.

[redacted] advised that one of the voices that she heard yelling appeared to be of a Caucasian woman. Another voice sounded like that of a black female. She said that although she was unable to observe any of the individuals, she was able to hear one individual enter the area behind the tellers cages. She said this individual's voice sounded like the voice of the black female and she heard this individual demand, "Open the drawers, get the keys." [redacted] said that she believed this command was given by one individual to possibly another of the robbers and not to one of the bank employees.

[redacted] said she later heard someone yelling something about the "SLA." [redacted] advised that she was unable to describe any of the individuals as she did not see any of those individuals, although she heard the voice of an individual, possibly that of a black male saying, "Do what they say."

[REDACTED]
Hibernia Bank, 1450 No. [REDACTED] Ave., San Francisco, California,
provided the following information:
[REDACTED]
[REDACTED]

She stated that on the day of the robbery of the above branch, at approximately 9:45 a.m., she was standing near the proof machine and had just finished some work when she noticed a group of people come through the front door. She said that the first person she remembers seeing was a male, possibly white, wearing a beard and a large hat, and a female who was being pushed very hard through the door into the bank by the male. She said that the girl was pushed so hard that she stumbled as she came inside the bank. [REDACTED] said that she thought this was strange because the girl didn't even look around at the man, and it appeared that she must have known the man who pushed her. [REDACTED] said that it was her impression that the man and the woman had just had some type of argument or fight because of the way the girl reacted to the man.

[REDACTED] said that after all the people had come into the bank, she noticed that the man was carrying something that was long at his side. She said that when he turned sideways and faced the East wall of the bank, she could see that the long object the man had been carrying was a gun, and she believes it might possibly have been a machine gun, because it had something long and square hanging down from the center of the gun, which she believes was something used to rest the gun on.

She said that she didn't continue to watch the female who had been pushed by the man because after seeing the man with the gun she concentrated on him as she was

mostly interested in what he was going to do.

While she was still watching the man with the gun, she decided on her own to get down on the floor, because she believed that a bank robbery was taking place and she did not want to get hurt.

She said that she had not heard anyone say anything until she got on the floor and then she heard what she believed was a male voice saying this is for the SLA, or from the SLA. She said she then heard the same voice say, "Everybody get down." The male voice then stated, "This is TANTIA," as if introducing someone. She then heard a female voice, as if an echo, stating yea or yes, and it sounded like this voice was from the middle area of the bank, near where she had seen the female who was pushed by the male proceeding.

[REDACTED] the next thing she heard was a female voice coming from her side of the teller counter near teller [REDACTED] window, stating, "Give me your keys. Where are your keys." The female voice then said, "Stay there. Give me your keys." [REDACTED] said she then heard [REDACTED] tell the robber that the keys were in the drawer.

The next thing [REDACTED] remembers was that the robber must have found the keys because she asked, "Are these all of them." Teller [REDACTED] said that they were just for her drawer and the female robber became upset and began swearing when she found out that the keys did not fit the other drawers.

[REDACTED] said that about one minute after she had heard the female asking for the keys she heard what she believes was a shot and then about thirty seconds later she heard another shot. She said that the first shot sounded to her as if it had come from inside the bank, and that the second shot had sounded as if it had come from outside the bank. [REDACTED] said she could

SF 7-855

not be sure where the shot was coming from, as it echoed so loud in the bank.

[REDACTED] said that after she had heard the last shot fired, it became very quiet in the bank, and the next thing she knew, [REDACTED], told everyone that it was okay.

[REDACTED] said that she does not recall what any of the people look like who came into the bank, except for the male and female who was being pushed as she came in through the door.

[REDACTED] described the male robber as being possible white, height, 6'; weight, 160 - 165; age, 20 - 30; complexion, light, hair, dirty blond and frizzy; brown beard; glasses, tinted; clothing, dark jacket, loose fitting, possibly dark-green, wide brimmed floppy hat; carrying a dark green rifle with a square protrusion in the center of the gun. She described the female as race unknown, height, 5'4", weight, 115 - 120; hair, medium brown, shoulder length which covered part of her face; clothing, dark coat, belted around the middle.

[REDACTED] was shown xerox copies of photographs taken during the course of the above robbery and she stated that the photograph depicting what appears to be a male with a large hat, glasses and dark coat holding a sawed off rifle appears to be the male she saw pushing the female through the door; however, she could not identify the female due to the poor quality of the xerox photographs.

He said he promptly sprawled on the floor.

[redacted] stated that at this point he heard someone yelling orders and he heard someone count "9, 1" "9, 3" etc., with pauses of a few seconds between each count. [redacted] advised that the voice doing the counting appeared to be that of a male, although [redacted] could not distinguish if it was either the voice of a Negro or Caucasian male.

[redacted] indicated that he also heard a female voice, not further identified by [redacted] as ordering two or three times, "Get the keys." [redacted] stated he believed these comments were being given to a bank teller, although he could not be sure of this fact as he was lying face down on the floor.

[redacted] advised that the next thing that he heard was noises that sounded like firecrackers exploding in short bursts and following this, he related that the robbers had departed the bank.

He then heard a female voice saying "Get your keys". [REDACTED] had the impression that this directive was given to someone at the west end of the bank.

[REDACTED] then heard approximately four shots which sounded like firecrackers followed by a male voice which seemed further away than the female voice demanding the keys. The male voice shouted "nine one" and "nine three". Approximately 1-1/2 minutes after the first shots were fired [REDACTED] heard four more shots. A short while later [REDACTED] told the employees that they could get up, everything was okay.
